Our Company

Our Company Mission

SLM Corporation, more commonly known as Sallie Mae, is the premier financial brand for college and continuous education. We are in the business of building prosperous futures by providing access, planning outcomes, and helping students and families responsibly fund their future.

We believe education, in all forms, is the foundation for success, an equalizer of opportunities, and a proven pathway to economic mobility. And data clearly shows those who attend and graduate from college, or other postsecondary programs, are better off personally and financially in the long run. For example, data from the U.S. Bureau of Labor and Statistics confirms those with bachelor’s degrees earn 64 percent more than those with a high school diploma. Those with advanced degrees earn an even greater percentage than those with a high school diploma. Even further, our society prospers and becomes more economically inclusive when each of its members is provided with access to postsecondary education. Education represents an investment in one’s future, a transformative investment that yields our country’s next nurses, teachers, engineers, business leaders, and more.

Our customers share a growth mindset that transcends demographics, and they make the investment in education because they aspire to a better future. For our customers, it is not just about getting to, and graduating from, their course of study, but unlocking new perspectives, thinking big, and achieving more after college. They want to make an impact in the world. Their path ahead is our purpose. Over the course of our relationship, our customers advance from an emerging financial understanding to learning financial responsibility, transitioning to financial stability, and ultimately achieving financial independence. Our tools, resources, and products help customers to accomplish what is next with confidence and build the strong foundation they will need to succeed.

Our History

While the Sallie Mae name has existed for more than 40 years, the company that operates as Sallie Mae today, SLM Corporation, was formed in late 2013 and includes its wholly-owned subsidiary, Sallie Mae Bank, an industrial bank established in 2005. On April 30, 2014, we legally separated from another public company that is now named Navient Corporation, which is in the education loan management, servicing, and asset recovery business. Navient retained all assets and liabilities generated prior to the Spin-Off other than those explicitly retained by us pursuant to the Separation and Distribution Agreement executed in connection with the Spin-Off. We are a consumer banking business and did not retain any assets or liabilities generated prior to the Spin-Off other than those explicitly retained by us pursuant to the Separation and Distribution Agreement. We sometimes refer to the company that existed prior to the Spin-Off as “pre-Spin-Off SLM.”

The Bank was formed in 2005 to fund and originate Private Education Loans (as hereinafter defined) on behalf of pre-Spin-Off SLM. While the Bank first originated Private Education Loans in February 2006, pre-Spin-Off SLM continued to purchase a portion of its Private Education Loans from third-party lending

partners through mid-2009. With some minor exceptions, the Bank became the sole originator of Private Education Loans for pre-Spin-Off SLM beginning with the 2009-2010 academic year, the first academic year following the launch of the Bank's Smart Option Student Loan program in mid-2009.

Our principal executive offices are located at 300 Continental Drive, Newark, Delaware 19713. Additionally, we have offices in New Castle, Delaware; Salt Lake City, Utah; Indianapolis, Indiana; Newton, Massachusetts; and Sterling, Virginia. Our telephone number is (302) 451-0200.

Our Business

Our primary business is to originate and service high-quality Private Education Loans. "Private Education Loans" are education loans for students or their families that are not made, insured or guaranteed by any state or federal government. We also offer a range of deposit products insured by the FDIC and operate a consumer savings network that provides financial rewards on everyday purchases to help families save for college. In 2019, nearly 456,000 families chose us as their Private Education Loan provider, more than any other private student loan lender. We originated \$5.6 billion of Private Education Loans, an increase of 6 percent from the year ended December 31, 2018. As of December 31, 2019, we had \$22.9 billion of Private Education Loans, net, outstanding.

Private Education Loans

The Private Education Loans we make to students and families serve primarily to bridge the gap between the cost of higher education and the amount funded through financial aid, federal loans and student and families' resources. We also extend Private Education Loans as an alternative to similar federal education loan products where we believe our rates are competitive. We earn interest income on our Private Education Loan portfolio.

In 2009, we introduced the Smart Option Student Loan, our primary Private Education Loan product emphasizing in-school payment features that can produce shorter terms and reduce customers' total finance charges. Customers generally elect one of three Smart Option repayment types at the time of loan origination. The first two, Interest Only and Fixed Payment options, require monthly payments while the student is in school and during the grace period thereafter, and accounted for approximately 50 percent of the Private Education Loans the Bank originated during 2019. The third repayment option is the more traditional deferred Private Education Loan product where customers are not required to make payments while the student is in school and during the grace period after separation from school. (The grace period for a Smart Option Student Loan generally runs for six months after the borrower separates from school, but can run for up to 36 months for a small subset of graduate loans). Lower interest rates on the Interest Only and Fixed Payment options encourage customers to elect those options, which help customers reduce their total loan cost compared with the traditional deferred option loan. Making payments while in school helps customers become accustomed to making on-time regular loan payments. We offer both variable-rate and fixed-rate loans.

In 2018, we expanded our offerings to include six new loan products for specific graduate programs of study. These included the Sallie Mae Law School Loan, the Sallie Mae MBA Loan, the Sallie Mae Health Professions Graduate Loan, the Sallie Mae Medical School Loan, the Sallie Mae Dental School Loan, and the Sallie Mae Graduate School Loan. These products were designed to address the specific needs of graduate students, such as extended grace periods for medical students.

We regularly review and update the terms of our Private Education Loan products. Our Private Education Loans include important protections for the family, including loan forgiveness in case of death or permanent disability of the student borrower, a free, quarterly FICO score benefit to students and

cosigners and, for borrowers with a Smart Option Student Loan, on-line tutoring services to help students succeed in school.

As a holder of Private Education Loans, we bear the full credit risk of the customers. We manage this risk by underwriting and pricing based on customized credit scoring criteria and the addition of qualified cosigners. For Private Education Loans originated during the year ended December 31, 2019, our average FICO scores (representing the higher credit scores of the cosigners or borrowers) at the time of original approval were 746 and approximately 86.6 percent of those loans were cosigned. In addition, we voluntarily require school certification of both the need for, and the amount of, every Private Education Loan we originate (to prevent unnecessary borrowing beyond a school's cost of attendance), and we disburse the loan proceeds directly to the higher education institutions to ensure loan proceeds are applied directly to the student's education expenses.

The core of our marketing strategy is to promote our products on campuses through financial aid offices as well as through online and direct marketing to students and families. Our on-campus efforts with approximately 2,400 higher education institutions are led by our sales force, the largest in the industry, which has become a trusted resource for financial aid offices.

Our loans are high credit quality and the overwhelming majority of our customers manage their payments with great success. Loans in repayment include loans on which customers are making interest only or fixed payments, as well as loans that have entered full principal and interest repayment status after any applicable grace period. At December 31, 2019, 2.8 percent of loans in repayment were greater than 30 days delinquent, and loans in forbearance were 4.1 percent of loans in repayment and forbearance. In 2019, net charge-offs as a percentage of average loans in repayment was 1.17 percent.

Sallie Mae Bank

The Bank, which is regulated by the UDFI, the FDIC, and the CFPB, offers traditional savings products, such as high-yield savings accounts, money market accounts, and certificates of deposit, originates Private Education Loans, and manages a loan portfolio that also includes, loans insured or guaranteed under the previously existing Federal Family Education program ("FFELP Loans") and credit card loans ("Credit Cards"). At December 31, 2019, the Bank had total assets of \$32.5 billion, including \$22.9 billion of Private Education Loans, net, \$984 million of Personal Loans, net, \$784 million of FFELP Loans, net, \$4 million of Credit Cards, net, and total deposits of \$24.6 billion.

Our ability to obtain deposit funding and offer competitive interest rates on deposits will be necessary to sustain the growth of our Private Education Loan and other originations. Our ability to obtain such funding is dependent, in part, on the capital levels of the Bank and its compliance with other applicable regulatory requirements. At the time of this filing, there are no regulatory restrictions on our ability to obtain deposit funding or the interest rates we offer other than those restrictions generally applicable to all FDIC-insured banks of similar charter and size. We maintained our diversified funding base by raising \$1.1 billion in term funding collateralized by pools of Private Education Loans in the long-term asset-backed securities ("ABS") market in 2019. This brought our total ABS funding outstanding at December 31, 2019 (which takes into account \$1.0 billion in ABS repayments during 2019) to \$4.2 billion, or 18 percent of our total Private Education Loan portfolio. We plan to continue to use ABS funding, market conditions permitting. This helps us better match-fund our assets and avoids excessive reliance on deposit funding.

Credit Cards

In 2019, we introduced three new credit card offerings, each uniquely designed to promote and reward financial responsibility, including the only card that offers a cash back bonus that cardholders can apply to pay down a student loan. At December 31, 2019, we had \$4 million of Credit Cards, net outstanding.

Recent Developments

Impact of COVID-19 on Sallie Mae

The respiratory disease caused by coronavirus 2019 or COVID-19 (“COVID-19”) has caused significant disruptions to the U.S. and world economies. The impact of COVID-19 is felt by our colleagues, our customers, and our communities. For information on the impact of the COVID-19 pandemic on our business, see Part I, Item 2. “Management’s Discussion and Analysis of Financial Condition and Results of Operations—Impact of COVID-19 on Sallie Mae” in our Quarterly Report on Form 10-Q for the fiscal quarter ended September 30, 2020. See also “Risk Factors—Risks Relating to Our Business” in this prospectus supplement.

Tender Offer

Substantially concurrently with this offering, we expect to conduct a tender offer (the “Tender Offer”) for up to 2,000,000 shares of our outstanding Floating Rate Non-Cumulative Preferred Stock, Series B, par value \$0.20 per share (the “Series B Preferred Stock”) for \$45.00 per share. As of September 30, 2020, we had 4.0 million shares of Series B Preferred Stock outstanding.

The Tender Offer is expected to be made upon, and be subject to, the terms and conditions set forth in the Offer to Purchase to be dated October 27, 2020 (the “Offer to Purchase”). The Tender Offer will expire at 11:59 p.m., New York City time, on November 24, 2020, unless extended or terminated by us. This prospectus supplement is not an offer to purchase any shares of Series B Preferred Stock, which offer will be made only pursuant to the Offer to Purchase. J.P. Morgan Securities LLC is expected to act as dealer manager for the Tender Offer.

We intend to use a portion of the net proceeds from this offering to fund the purchase of shares of Series B Preferred Stock in the Tender Offer. The closing of the Tender Offer is conditioned on, among other things, our having obtained aggregate net proceeds in this offering in an amount not less than the amount required, upon the terms and subject to the conditions of the Tender Offer, to purchase the securities validly tendered and accepted for purchase in the Tender Offer and to pay fees and expenses associated therewith. This offering is not conditioned on the completion of the Tender Offer. See “Use of Proceeds” and “Capitalization.”

We are permitted, subject to applicable law, to amend, extend, terminate or withdraw the Tender Offer, and there can be no assurance that we will consummate the Tender Offer. There can be no assurance as to the number of shares of Series B Preferred Stock that will be tendered or accepted for purchase pursuant to the Tender Offer.

Common stock dividend declarations are subject to determination by, and the discretion of, our Board of Directors. We may change our common stock dividend policy at any time. We did not pay common stock dividends in fiscal years 2018 and 2017.

- (2) We calculate and report our Return on Common Equity as the ratio of (a) the GAAP net income attributable to SLM Corporation common stock numerator (annualized for interim periods) to (b) the net denominator, which consists of GAAP total average equity less total average preferred stock.
- (3) We calculate and report our Return on Assets as the ratio of (a) the GAAP net income numerator (annualized for interim periods) to (b) the GAAP total average assets denominator.
- (4) Our operating efficiency ratio is a non-GAAP measure because we adjust (a) the total non-interest expense numerator by deducting restructuring and other reorganization expenses, and (b) the net revenue denominator (which otherwise would consist of net interest income, before provisions for credit losses, and non-interest income) by excluding any gains and losses on sales of loans and securities, net and the net impact of derivative accounting. We believe doing so provides useful information to investors because it is a measure used by our management team to monitor our effectiveness in managing operating expenses. Other companies may use similarly titled non-GAAP financial measures that are calculated differently from the way we calculate our ratio. Accordingly, our non-GAAP operating efficiency ratio may not be comparable to similar measures used by other companies.

RISK FACTORS

An investment in the notes involves risks. Before deciding whether to purchase the notes, you should consider the risks discussed below and those included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2019 and our Quarterly Reports on Form 10-Q for the fiscal quarters ended March 31, 2020, June 30, 2020 and September 30, 2020 that we have incorporated by reference in this prospectus supplement and the accompanying prospectus, including risks relating to the economic, competitive and regulatory environment in which we operate, our capital and liquidity, our operations, the COVID-19 Pandemic, the Spin-Off, our securities and our restrictions on ownership.

Any of the risks discussed below or elsewhere in this prospectus supplement or in our SEC filings incorporated by reference in this prospectus supplement and the accompanying prospectus, and other risks or uncertainties that are not presently known to us, or that we currently believe to be immaterial, could have a material impact on our business, prospects, financial condition or results of operations. In that case, our ability to pay interest on the notes when due or to repay the notes at maturity could be adversely affected, and the trading price of the notes could decline substantially.

Risks Relating to Our Business

The pandemic of respiratory disease caused by a novel coronavirus, coronavirus 2019 or COVID-19 (“COVID-19 pandemic”), could have a materially adverse impact on our business, results of operations, financial condition and/or cash flows. The extent of the impact of the COVID-19 pandemic will depend on future developments, which are highly uncertain and largely beyond our control, including, among others: the scope and duration of the pandemic; the number of our employees, customers, and vendors adversely affected by the pandemic; the impact of the pandemic on colleges and universities, student enrollment, and the need for Private Education Loans; the broader public health and economic dislocations resulting from the pandemic; the actions taken by governmental authorities to limit the public health, financial and economic impacts of the COVID-19 pandemic; any legislative or regulatory changes that suspend or reduce payments or cancel or discharge obligations for Private Education Loan borrowers; any reputational damage related to the broader reception and perception of our response to the COVID-19 pandemic; and the impact of the pandemic on local, U.S., and world economies.

The COVID-19 pandemic has caused significant disruption to the U.S. and world economies, including the closing of many schools and businesses for extended periods of time, significantly higher unemployment and underemployment, significantly lower interest rates and equity market valuations, and extreme volatility in the U.S. and world financial markets. We expect the impact of COVID-19 pandemic on the U.S. economy will continue to be significant during the remainder of 2020 and beyond and that it could materially adversely affect our operations, our regulatory capital and liquidity position, the credit performance of our Private Education Loans and other assets, the number of borrowers seeking payment relief, our results of operations and financial condition, and/or our cash flows.

As a result of the COVID-19 pandemic, our customers are experiencing higher levels of financial hardship, which has led to elevated levels of forbearance and lower usage of automatic direct debit payments and which we expect will lead to significantly higher levels of delinquencies and defaults in the future. Our application volumes have also decreased, and our current expectation is that our 2020 Private Education Loan origination volumes will be approximately \$5.3 billion, a decline of 6 percent compared to 2019. See Part I, Item 2. “Management’s Discussion and Analysis of Financial Condition and Results of Operations—Impact of COVID-19 on Sallie Mae” in our Quarterly Report on Form 10-Q for the fiscal quarter ended September 30, 2020.

In response to the COVID-19 pandemic, we have enabled substantially all of our workforce to work remotely and have limited in-person meetings, non-employee visits to our locations, and non-essential business travel. We have never had to run our operations entirely remotely for an extended period of time, and we may

encounter significant challenges to running our business. Our operations rely on the efficient and secure collection, processing, storage and transmission of personal, confidential, and other information in a significant number of customer transactions on a continuous basis through our computer systems and networks and those of our third-party service providers. Unanticipated issues arising from handling personal, confidential and other information from a less efficient work-from-home environment could adversely impact our operations and lead to greater risk for us.

Although we have noted the impact on our business through September 30, 2020 in our Quarterly Report on Form 10-Q for the fiscal quarter ended September 30, 2020, the overall extent to which the COVID-19 pandemic may impact our business, results of operations, financial condition and/or cash flows will depend on future developments, which are highly uncertain and largely beyond our control, including, among others: the scope and duration of the pandemic; the number of our employees, customers, and vendors adversely affected by the pandemic; the impact of the pandemic on colleges and universities, student enrollment, and the need for Private Education Loans; the broader public health and economic dislocations resulting from the pandemic; the actions taken by governmental authorities to limit the public health, financial and economic impacts of the COVID-19 pandemic; any legislative or regulatory changes that suspend or reduce payments or cancel or discharge obligations for Private Education Loan borrowers; any reputational damage related to the broader reception and perception of our response to the COVID-19 pandemic; and the impact of the COVID-19 pandemic on local, U.S., and world economies. However, as with many other businesses, the impact of COVID-19 on our business could be material and adverse. The impact of the COVID-19 pandemic continues to rapidly evolve, and the continuation or future resurgences of the pandemic could precipitate or aggravate the other risk factors that we have identified in this prospectus supplement and our Annual Report on Form 10-K for the fiscal year ended December 31, 2019, which in turn could further materially adversely affect our business, financial condition, liquidity, results of operations and profitability, including in ways that are not currently known to us or that we do not currently consider to present significant risks.

Risks Relating to This Offering

We are a holding company and may rely significantly on dividends, distributions and other payments from the Bank to fund payments on the notes.

As a holding company, we may rely significantly on dividends, distributions and other payments from the Bank to fund any payments on the notes and our other obligations, as well as to fund any dividends to our stockholders and repurchases of our stock. Accordingly, our ability to make payments on the notes may depend upon the earnings of and the distribution of funds from our subsidiaries, including the Bank. Restrictions on our subsidiaries' ability to distribute cash to us could materially affect our ability to pay principal and interest on our indebtedness, including the notes.

The ability of the Bank to make dividends and other distributions and payments to us is subject to regulation by the FDIC and the UDFI. Limitations on the amounts we receive from the Bank could impact our liquidity and our ability to fund payments on the notes when due.

In addition, the terms of our indebtedness do not restrict the ability of our subsidiaries to incur indebtedness or enter into other agreements that may restrict or prohibit our subsidiaries from distributing cash to us. We cannot assure you that the indebtedness of our subsidiaries or other agreements to which our subsidiaries are a party will permit our subsidiaries to distribute sufficient cash to us to fund payments on the notes when due.

The notes will be effectively subordinated to any secured debt we may incur.

The notes are unsecured unsubordinated obligations of SLM Corporation and will rank equally in right of payment with all its other unsecured and unsubordinated indebtedness. As a result, the indebtedness represented by the notes will effectively be subordinated to any secured indebtedness SLM Corporation may incur, to the

extent of the value of the assets securing such indebtedness. As of September 30, 2020, on a pro forma basis after giving effect to this offering, SLM Corporation had no secured indebtedness outstanding, and \$198.8 million of indebtedness that ranked equally with the notes.

In the event of any distribution or payment of our assets in any foreclosure, dissolution, winding up, liquidation or reorganization, or other bankruptcy proceeding, any secured creditors would have a superior claim to the extent of their collateral. If any of the foregoing occur, we cannot assure you that there will be sufficient assets to pay amounts due on the notes.

The notes will not be guaranteed by any of our subsidiaries and will be effectively subordinated to the debt and other liabilities of our subsidiaries.

We are a holding company and conduct substantially all of our operations through subsidiaries. However, the notes will be obligations exclusively of SLM Corporation and will not be guaranteed by any of our subsidiaries. As a result, the notes will be structurally subordinated to all debt and other liabilities of our subsidiaries (including deposit and other liabilities of the Bank), which means that creditors of our subsidiaries (including depositors of the Bank) will be paid from their assets before holders of the notes would have any claims to those assets. As of September 30, 2020, our subsidiaries had outstanding \$28.1 billion of total liabilities, including \$27.9 billion of indebtedness and deposit liabilities (excluding, in each case, intercompany liabilities).

In the event of the dissolution, winding up, liquidation or reorganization, or other bankruptcy proceeding of a subsidiary, creditors of that subsidiary would generally have the right to be paid in full before any distribution is made to us or the holders of the notes. If any of the foregoing occur, we cannot assure you that there will be sufficient assets to pay amounts due on the notes.

There are no covenants in the indenture governing the notes relating to our ability to incur future indebtedness or pay dividends, and there are limited restrictions on our ability to engage in other activities, any of which could adversely affect our ability to pay our obligations under the notes.

The indenture governing the notes does not prohibit us from incurring substantial additional indebtedness in the future. We are also permitted to incur additional secured indebtedness that would be effectively senior to the notes. The indenture governing the notes also permits unlimited additional borrowings by our subsidiaries or securitization entities that are effectively senior to the notes and, subject to certain exceptions, permits our subsidiaries to issue equity interests that have priority over our interests in the subsidiaries. If we incur additional indebtedness or liabilities, our ability to pay our obligations on the notes could be adversely affected. We expect that we will from time to time incur additional debt and other liabilities.

In addition, the indenture does not contain any restrictive covenants limiting our ability to issue or repurchase securities, pay dividends or make any payments on junior or other indebtedness. Our ability to use our funds for numerous purposes may limit the funds available to pay our obligations under the notes.

There are no financial covenants in the indenture. You may not be protected under the indenture in the event of a highly leveraged transaction, reorganization, change of control, restructuring, merger or similar transaction that may adversely affect you.

We may not be able to generate sufficient cash to service all of our indebtedness, including the notes.

Our ability to make scheduled payments of principal and interest or to satisfy our obligations in respect of our indebtedness or to refinance our indebtedness will depend on our future operating performance. Prevailing economic conditions (including interest rates), regulatory constraints, including, among other things, on distributions to us from the Bank and required capital levels with respect to the Bank, and financial, business and

other factors, many of which are beyond our control, will also affect our ability to meet these needs. We may not be able to generate sufficient cash flows from operations, or obtain future borrowings in an amount sufficient to enable us to pay our indebtedness, or to fund our other liquidity needs. We may need to refinance all or a portion of our indebtedness on or before maturity. We may not be able to refinance any of our indebtedness when needed on commercially reasonable terms or at all.

Our credit ratings may not reflect all risks of an investment in the notes.

The credit ratings of a series of notes may not reflect the potential impact of all risks related to structure and other factors on any trading market for, or trading value of, such notes. However, actual or anticipated changes in our credit ratings will generally affect any trading market for, or trading value of, each series of notes.

Agency credit ratings are not a recommendation to buy, sell or hold any security, and may be revised or withdrawn at any time by the issuing organization. Each agency's rating should be evaluated independently of any other agency's rating.

We may not have sufficient funds to repurchase the notes or any of our other securities upon a change of control repurchase event.

We must offer to purchase all the notes then outstanding, at a purchase price equal to 101% of their principal amount, plus accrued interest (if any) to the payment date, upon the occurrence of a change of control if a rating decline of the notes occurs directly as a result of a change of control and such decline occurs within a specified period of time after public notice of a change of control or the intention to effect a change of control. See "Description of the Notes—Repurchase at the Option of Holders—Change of Control Repurchase Event" for a more complete description of the repurchase obligations. There can be no assurance that we will have sufficient funds available at the time of any change of control to repurchase the notes that might be outstanding. The covenant requiring us to repurchase the notes will, unless consents are obtained, require us to repay all indebtedness outstanding. Our ability to repurchase the notes in cash may be limited by law or the terms of other agreements relating to our indebtedness outstanding at the time. Our failure to repurchase the notes when required would result in an event of default with respect to the notes. Our inability to pay for your notes that are tendered for repurchase could result in your receiving substantially less than the principal amount of the notes.

One of the circumstances under which a change of control may occur is upon the sale or disposition of all or substantially all of our assets. However, the phrase "all or substantially all" will likely be interpreted under applicable state law and will be dependent upon particular facts and circumstances. As a result, there may be a degree of uncertainty in ascertaining whether a sale or disposition of "all or substantially all" of our assets has occurred, in which case, the ability of a holder of the notes to obtain the benefit of an offer to repurchase all of a portion of the notes held by such holder may be impaired. If we are required to repurchase the notes pursuant to a change of control offer, we could require third-party financing. We cannot be sure that we would be able to obtain third-party financing on acceptable terms or at all.

An active trading market for the notes may not develop.

Each series of notes constitutes a new issue of securities, for which there is no existing market. We do not intend to apply for listing of any series of the notes on any securities exchange or for quotation of any series of the notes in any automated dealer quotation system. We cannot provide you with any assurance regarding whether a trading market for any series of notes will develop, the ability of holders of any series of notes to sell their notes or the price at which holders may be able to sell their notes. The underwriters have advised us that they currently intend to make a market in each series of the notes. However, the underwriters are not obligated to do so, and any market-making with respect to any series of notes may be discontinued at any time without notice. If no active trading market develops, you may be unable to resell your notes at any price or at their fair market value.

Changes in our credit ratings or the debt markets could adversely affect the trading price of the notes.

The trading price of each series of notes depends on many factors, including:

- the number of holders of the relevant series of notes;
- changes in or issuance of new credit ratings for us, the notes or our asset-backed securities;
- the interest of securities dealers in making a market in the relevant notes;
- the prevailing interest rates being paid by other companies similar to us;
- general market conditions;
- our financial condition, financial performance and future prospects;
- domestic and international economic factors unrelated to our performance;
- changes in or failure to meet our publicly disclosed expectations as to our future financial performance;
- restructuring initiatives;
- downgrades in securities analysts' estimates of our financial performance, operating results that vary from the expectations of securities analysts or investors or lack of research and reports by industry analysts;
- operating and securities price performance of companies that investors consider to be comparable to us;
- any future sales of our common stock or other securities;
- additions or departures of key personnel;
- actions or announcements by our competitors;
- reputational issues;
- regulatory and tax actions;
- changes in our capital structure or dividend policy, regulatory requirements, future issuances of securities, sales of large blocks of common stock by our stockholders, or our incurrence of additional debt;
- the market prices for our equity securities; and
- other matters discussed elsewhere in "Risk Factors" in this prospectus supplement or in our Annual Report on Form 10-K for the fiscal year ended December 31, 2019 or in our Quarterly Reports on Form 10-Q.

The condition of the financial markets and prevailing interest rates have fluctuated in the past and are likely to fluctuate in the future. Such fluctuations could have an adverse effect on the trading price of the notes. In addition, credit rating agencies continually review their ratings for the companies that they follow, including us. The credit rating agencies also evaluate the consumer finance industry as a whole and may change their credit rating for us based on their overall view of our industry. A negative change in our rating or that of other peer companies could have an adverse effect on the trading price of the notes.

USE OF PROCEEDS

We estimate that the net proceeds to us from the sale of the notes in this offering will be \$493.5 million, after deducting underwriting discounts and estimated offering expenses. We intend to use part of the net proceeds from this offering to fund the Tender Offer for up to 2,000,000 shares of our outstanding Series B Preferred Stock for \$45.00 per share. As of September 30, 2020, we had 4.0 million shares of Series B Preferred Stock outstanding. See “Summary—Recent Developments—Tender Offer.” We intend to use the remaining proceeds for general corporate purposes, which may include the repayment of debt and future share repurchase programs. Pending such use, we may use the net proceeds of this offering to invest in liquid assets to further increase the size of our liquidity portfolio or for such additional uses as we may determine.

DESCRIPTION OF THE NOTES

The following description supplements and, to the extent it is inconsistent, replaces the description of the general provisions of the notes and the indenture under “Description of Debt Securities” in the accompanying prospectus. This description of the notes and the description under “Description of Debt Securities” in the accompanying prospectus do not purport to be complete and are qualified in their entirety by reference to the provisions of the indenture filed as an exhibit to the registration statement of which the accompanying prospectus forms a part, to the Trust Indenture Act of 1939 (the “Trust Indenture Act”) and to the provisions of the supplemental indenture (as defined below), including the forms of notes appended thereto, to be entered into in connection with the issuance of the notes. We urge you to read the indenture, the first supplemental indenture and the forms of notes because they, and not these descriptions of the notes and debt securities, will define your rights as holders of the notes.

As used in this description of the notes, “we,” “our,” “us” and the “Company” refer to SLM Corporation and not to any of our subsidiaries.

General

We will issue the notes under an indenture (the “*base indenture*”), dated as of June 17, 2015, between us and Deutsche Bank National Trust Company, a national banking association, as trustee (the “*trustee*”), as supplemented by a second supplemental indenture (the “*supplemental indenture*”), to be dated as of October 29, 2020, between us and the trustee. We refer to the base indenture, as supplemented by the supplemental indenture, as the “*indenture*.” The trustee will initially be the security registrar and paying agent for the notes.

The notes are initially limited to \$500,000,000 aggregate principal amount. The notes will mature at par on October 29, 2025.

When we use the term “business day,” we mean any calendar day that is not a Saturday, Sunday or a day on which commercial banking institutions are not required to be open for business in The City of New York, New York.

The notes will not be entitled to the benefit of any sinking funds.

The notes will be issued in the form of one or more fully registered global notes registered in the name of the nominee of DTC and in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.

In addition to the notes, we may issue from time to time other series of debt securities under the indenture consisting of debentures, notes or other unsecured, unsubordinated evidences of indebtedness, including convertible notes, but such other series will be separate from the notes. The indenture does not limit the amount of debt securities or any other debt (whether secured or unsecured, or whether subordinated or unsubordinated) which we may incur.

We may, from time to time, without the consent of the holders of the notes, issue additional notes having the same ranking and the same interest rate, maturity and other terms as the notes, except for the public offering price, the issue date and, if applicable, the initial interest payment date and initial interest accrual date. Any such additional notes, together with the notes, will constitute a single series of debt securities under the indenture; provided that if the additional notes are not fungible for U.S. federal income tax purposes with the notes, the additional notes will be issued under a separate CUSIP number. No additional notes may be issued if an event of default has occurred and is continuing with respect to the notes.

We will maintain an office where we will pay the principal and premium, if any, on the debt securities and where you may present the debt securities for registration of transfer and exchange. We have designated (a) for

debt securities transfer purposes and for purposes of presentment and surrender of any debt securities for final distribution, the office of the trustee located at Deutsche Bank National Trust Company c/o DB Services Americas, Inc. MS JCK01-0218, 5022 Gate Parkway, Jacksonville, FL 32256, Attention: Shareholder Services, and (b) for all other purposes, the office of the trustee located at Deutsche Bank National Trust Company, 1761 East St. Andrew Place, Santa Ana, CA 92705, Attention: Trust Administration – SLM2020.

Interest

Interest on the notes will accrue from October 29, 2020 and is payable semi-annually in arrears on April 29 and October 29 of each year, beginning on April 29, 2021 (each, an “interest payment date”), to the persons in whose names the notes are registered at the close of business on April 14 and October 14 (whether or not a business day), respectively, immediately prior to each interest payment date at the annual rate of 4.200% per year; provided that the interest due on redemption or at maturity (whether or not an interest payment date) will be paid to the person to whom principal is payable.

For any full semi-annual period in respect of the notes, the amount of interest will be calculated on the basis of a 360-day year consisting of twelve 30-day months. If any scheduled interest payment date falls on a day that is not a business day, then payment of interest payable on such interest payment date will be postponed to the next succeeding day that is a business day, and no interest on such payment will accrue for the period from and after such scheduled interest payment date.

If the maturity date or a redemption date for the notes falls on a date that is not a business day, then the related payments of principal, premium, if any, and interest will be made on the next succeeding business day, and no interest on such payment will accrue for the period from the maturity date or such redemption date, as the case may be.

Ranking

The notes will be our direct, unsecured obligations and will rank equally in right of payment with all of our existing and future unsecured and unsubordinated obligations, and senior in right of payment to all of our existing and future indebtedness that is expressly subordinated to the notes.

We are a holding company and conduct substantially all of our operations through subsidiaries. However, the notes will be obligations exclusively of SLM Corporation and will not be guaranteed by any of our subsidiaries. As a result, the notes will be structurally subordinated to all indebtedness and other liabilities of our subsidiaries (including deposit and other liabilities of the Bank), which means that creditors of our subsidiaries (including depositors of the Bank) will be paid from the assets of the Bank or those entities, respectively, before holders of the notes would have any claims to those assets. As of September 30, 2020, our subsidiaries had outstanding \$28.1 billion of total liabilities, including \$27.9 billion of indebtedness and deposit liabilities (excluding, in each case, intercompany liabilities).

As a holding company, we depend on the ability of our subsidiaries, particularly the Bank, to transfer funds to us to meet our obligations, including our obligations to pay interest on the notes. See “Risk Factors—Risk Relating to This Offering—We are a holding company and may rely significantly on dividends, distributions and other payments from the Bank to fund payments on the notes” in this prospectus supplement. Our subsidiaries have no obligation to pay any amounts due on the notes.

As of September 30, 2020, on a pro forma basis after giving effect to this offering, SLM Corporation had no secured indebtedness outstanding, and \$198.8 million of indebtedness that ranked equally with the notes. The indenture does not limit our ability, or the ability of our subsidiaries, to incur senior, subordinated or secured debt, or our ability, or that of any of our subsidiaries, to incur other indebtedness and other liabilities or, subject to limited exceptions, issue preferred stock.

Optional Redemption

At any time and from time to time prior to September 29, 2025 (the date that is one month prior to the maturity date), we may redeem the notes, in whole or in part, at our option, as set forth below. We may redeem such notes at a redemption price equal to the greater of:

- (i) 100% of the aggregate principal amount of the notes to be redeemed, plus accrued and unpaid interest to, but excluding, the redemption date for the notes to be redeemed; and
- (ii) the sum of the present values of the remaining scheduled payments of principal and interest to, but excluding, September 29, 2025 (the date that is one month prior to the maturity date) in respect of the notes to be redeemed (not including any portion of the accrued and unpaid interest to, but excluding, the redemption date for the notes to be redeemed), discounted to such redemption date, on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months), at the applicable Treasury Rate (as defined below) plus 50 basis points, plus accrued and unpaid interest to, but excluding, the redemption date of the notes to be redeemed.

At any time and from time to time on or after September 29, 2025 (the date that is one month prior to the maturity date), we may redeem the notes, in whole or in part, at our option, at a redemption price equal to 100% of the principal amount of the notes to be redeemed, plus accrued and unpaid interest to, but excluding, the redemption date of the notes to be redeemed.

We will mail (or otherwise deliver in accordance with the applicable procedures of DTC) notice of any redemption of notes to the registered address of each holder of notes to be redeemed at least 15 days and not more than 60 days prior to the applicable redemption date.

“*Comparable Treasury Issue*” means the United States Treasury security selected by an Independent Investment Banker as having a maturity comparable to the remaining term (“Remaining Life”) of the notes (assuming that such term ended on September 29, 2025 (the date that is one month prior to the maturity date)) that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the notes being redeemed (assuming that such term ended on September 29, 2025 (the date that is one month prior to the maturity date)).

“*Comparable Treasury Price*” means, with respect to any redemption date, (i) the average of the Reference Treasury Dealer Quotations for such redemption date for the notes, after excluding the highest and lowest such Reference Treasury Dealer Quotations, or (ii) if the Independent Investment Banker obtains fewer than four such Reference Treasury Dealer Quotations, the average of all such quotations.

“*Independent Investment Banker*” means an independent investment banking institution of national standing appointed by us, which may be one of the Reference Treasury Dealers.

“*Reference Treasury Dealer*” means each of J.P. Morgan Securities LLC and RBC Capital Markets, LLC or their respective affiliates which are primary U.S. Government securities dealers in New York City (a “Primary Treasury Dealer”), and their respective successors, plus two other Primary Treasury Dealers selected by us; provided that if any of the foregoing or their affiliates shall cease to be a Primary Treasury Dealer, we will substitute therefor another Primary Treasury Dealer.

“*Reference Treasury Dealer Quotations*” means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Independent Investment Banker, of the bid and asked prices for the Comparable Treasury Issue for the notes (expressed in each case as a percentage of its principal amount) quoted in writing to the Independent Investment Banker by the Reference Treasury Dealer at 3:30 p.m. on the third business day preceding such redemption date.

“*Treasury Rate*” means, with respect to any redemption date, the semiannual equivalent yield to maturity of the Comparable Treasury Issue for the notes, assuming a price for such Comparable Treasury Issue (expressed as

a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date with respect to the notes.

Repurchase at the Option of Holders—Change of Control Repurchase Event

If a Change of Control Repurchase Event (as defined below) occurs, unless we at such time have given written notice of redemption as described above under the caption “Optional Redemption” with respect to all outstanding notes, each holder of notes will have the right to require us to repurchase all or any part (equal to \$2,000 or an integral multiple of \$1,000 in excess thereof) of that holder’s notes pursuant to a Change of Control Offer (as defined below) on the terms set forth in the indenture. In the Change of Control Offer, we will offer a payment in cash equal to 101% of the aggregate principal amount of notes repurchased, plus accrued and unpaid interest, if any, on the notes repurchased up to, but not including, the date of purchase (the “*Change of Control Payment*”).

Within 30 days following any Change of Control Repurchase Event, unless we at such time have given notice of redemption as described under the caption “Optional Redemption” with respect to all outstanding notes, we will send a notice to each holder and the trustee describing the transaction or transactions that constitute the Change of Control and offering to repurchase all outstanding notes on the date specified in the notice (the “*Change of Control Payment Date*”), which date will be no earlier than 15 days and no later than 60 days from the date such notice is sent, pursuant to the procedures required by the indenture and described in such notice. The notice, if mailed prior to the date of consummation of the Change of Control, will state that the Change of Control Offer is conditioned upon the Change of Control being consummated on prior to the Change of Control Payment Date. If a Change of Control Payment Date is on or after an interest record date and on or before the related interest payment date, any accrued and unpaid interest will be paid to the Person in whose name the note is registered at the close of business on such record date. We will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the notes as a result of a Change of Control Repurchase Event. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control provisions of the indenture, we will comply with the applicable securities laws and regulations and will not be deemed to have breached our obligations under the Change of Control provisions of the indenture by virtue of such compliance.

On the Change of Control Payment Date, we will, to the extent lawful:

- (1) accept for payment all notes or portions of notes (equal to \$2,000 or an integral multiple of \$1,000 in excess thereof) properly tendered and not withdrawn pursuant to the Change of Control Offer;
- (2) deposit with the paying agent an amount equal to the Change of Control Payment in respect of all notes or portions of notes properly tendered and not withdrawn; and
- (3) deliver or cause to be delivered to the trustee the notes properly accepted together with an officer’s certificate stating the aggregate principal amount of notes or portions of notes being purchased by us.

The paying agent will promptly mail to each holder of notes properly tendered and not withdrawn the Change of Control Payment for such notes, and the trustee will promptly authenticate and mail (or cause to be transferred by book entry) to each holder a new note equal in principal amount to any unpurchased portion of the notes surrendered, if any; provided, that each such new note will be in a minimum principal amount of \$2,000 or an integral multiple of \$1,000 in excess thereof. We will publicly announce the results of the Change of Control Offer on or as soon as practicable after the Change of Control Payment Date.

We will not be required to make a Change of Control Offer with respect to the notes upon a Change of Control Repurchase Event if (1) a third party makes the Change of Control Offer with respect to such notes in the manner, at the times and otherwise in compliance with the requirements set forth in the indenture applicable to a

Change of Control Offer made by us and purchases the notes properly tendered and not withdrawn under the Change of Control Offer, or (2) a notice of redemption has been given pursuant to the indenture with respect to the notes as described above under the caption “Optional Redemption” at any time prior to 30 days following any Change of Control Repurchase Event, unless and until there is a default in payment of the applicable redemption price. Notwithstanding anything to the contrary contained herein, a Change of Control Offer may be made in advance of a Change of Control Repurchase Event, conditioned upon the consummation of such Change of Control, if a definitive agreement is in place for the Change of Control at the time the Change of Control Offer is made.

“*Change of Control*” means the occurrence of any of the following:

- (1) any “person” or “group” of related persons (as such terms are used in Sections 13(d) and 14(d) of the Exchange Act) becomes the beneficial owner (as defined in Rules 13d-3 and 13d-5 under the Exchange Act), directly or indirectly, of a majority of the total voting power of the Voting Stock of SLM Corporation (or its successors by merger, consolidation or purchase of all or substantially all of its assets);
- (2) the sale, assignment, lease, transfer, conveyance or other disposition (other than by way of merger or consolidation), in one or a series of related transactions, of all or substantially all of the assets of SLM Corporation and its Subsidiaries taken as a whole to any “person” (as such term is used in Sections 13(d) and 14(d) of the Exchange Act) other than a Subsidiary of SLM Corporation; or
- (3) the adoption by the stockholders of SLM Corporation of a plan or proposal for the liquidation or dissolution of SLM Corporation.

“*Change of Control Offer*” has the meaning assigned to that term in the indenture governing the notes.

“*Change of Control Repurchase Event*” means the occurrence of both a Change of Control and a Ratings Event.

“*Exchange Act*” means the Securities Exchange Act of 1934, as amended.

“*Investment Grade*” means (1) BBB- (with a stable outlook) or above, in the case of S&P (or its equivalent under any successor rating categories of S&P) and Baa3 (with a stable outlook) or above, in the case of Moody’s (or its equivalent under any successor rating categories of Moody’s), or (2) the equivalent in respect of the Rating Category of any Rating Agencies.

“*Moody’s*” means Moody’s Investors Service, Inc.

“*Person*” means any individual, corporation, limited liability company, partnership, joint venture, trust, unincorporated organization or government or any agency or political subdivision thereof.

“*Rating Agencies*” means (1) S&P and Moody’s or (2) if S&P or Moody’s or both of them are not making ratings publicly available, a nationally recognized statistical rating organization within the meaning of Section 3(a)(62) of the Exchange Act, as the case may be, selected by the Company, which will be substituted for S&P or Moody’s or both, as the case may be.

“*Rating Category*” means (1) with respect to S&P, any of the following categories: AAA, AA, A, BBB, BB, B, CCC, CC, C and D (or equivalent successor categories); (ii) with respect to Moody’s, any of the following categories: Aaa, Aa, A, Baa, Ba, B, Caa, Ca, C and D (or equivalent successor categories); and (iii) the equivalent of any such category of S&P or Moody’s used by another Rating Agency. In determining whether the rating of the notes has decreased by one or more gradations, gradations within Rating Categories (+ and—for S&P; 1, 2 and 3 for Moody’s; or the equivalent gradations for another Rating Agency) shall be taken into account (e.g., with respect to S&P, a decline in rating from BB+ to BB, as well as from BB- to B+, will constitute a decrease of one gradation).

“*Ratings Event*” means (i) if the notes are rated by one or both of the Rating Agencies as Investment Grade, a decrease in, or withdrawal of, the rating of the notes so that such notes are not rated as Investment Grade by both Rating Agencies or (ii) if the notes are rated below Investment Grade by both Rating Agencies, (x) a decrease of one or more gradations (including gradations within Rating Categories as well as between Rating Categories) in the rating of the notes by both Rating Agencies, (y) a decrease of one or more gradations (including gradations within Rating Categories as well as between Rating Categories) in the rating of the notes by one Rating Agency and a withdrawal of the rating of the notes by the other Rating Agency, or (z) a withdrawal of the rating of the notes by both Rating Agencies, in each of (i) and (ii), directly as a result of a Change of Control; provided, however, that such decrease or withdrawal occurs on, or within 30 days following, the earlier of (x) the occurrence of a Change of Control or (y) the date of public notice of the occurrence of a Change of Control or of the intention by the Company, or a stockholder of the Company, as applicable, to effect a Change of Control, which period shall be extended so long as the rating of the notes relating to the Change of Control as noted by the Rating Agency is under publicly announced consideration for downgrade by the applicable Rating Agency. Unless both Rating Agencies are providing a rating for the notes on the earlier of (x) the occurrence of a Change of Control or (y) the date of public notice of the occurrence of a Change of Control or of the intention by the Company, or a stockholder of the Company, as applicable, to effect a Change of Control, a Ratings Event will be deemed to have occurred.

“*S&P*” means Standard & Poor’s Ratings Group.

“*Subsidiary*” means any corporation, association or other business entity of which more than 50%, by number of votes, of the Voting Stock is at the time directly or indirectly owned by us.

“*Voting Stock*” of any specified Person as of any date means the capital stock or other equity interests of such Person of the class or classes having general voting power under ordinary circumstances to elect at least a majority of the board of directors, managers or trustees of such Person; provided that, for the purposes hereof, capital stock or equity interests which carry only the right to vote conditionally on the happening of an event shall not be considered “*Voting Stock*” whether or not such event shall have happened.

The provisions described above that require the Company to make a Change of Control Offer following a Change of Control Repurchase Event will be applicable whether or not any other provisions of the indenture are applicable. Except as described above with respect to a Change of Control Repurchase Event, the indenture does not contain provisions that permit the holders of the notes to require that we repurchase or redeem the notes in the event of a takeover, recapitalization or similar transaction.

The definition of Change of Control includes a phrase relating to the direct or indirect sale, lease, transfer, conveyance or other disposition of “all or substantially all” of the properties or assets of the Company and its Subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase “substantially all,” there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of notes to require us to repurchase the notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the assets of SLM Corporation and its Subsidiaries taken as a whole to another Person or group may be uncertain.

If holders of not less than 90% in aggregate principal amount of the outstanding notes tender and do not withdraw such notes in a Change of Control Offer and we, or any third party making a Change of Control Offer in lieu of us as described above, purchase all of the notes validly tendered and not withdrawn by such holders, we or such third party will have the right, upon at least 15 and not more than 60 days’ prior notice, given not more than 30 days following such purchase pursuant to the Change of Control Offer described above, to redeem all of the notes that remain outstanding following such purchase at a price in cash equal to the Change of Control Payment plus, to the extent not included in the Change of Control Payment, accrued and unpaid interest, if any, thereon, to, but excluding, the redemption date.

Limitation on Disposition of Voting Stock of Our Significant Subsidiaries

The indenture contains a covenant limiting our ability to dispose of the Voting Stock of a Significant Subsidiary (as defined below). This covenant generally provides that as long as any of the notes are outstanding:

- neither we nor any of our Subsidiaries will sell, assign, transfer or otherwise dispose of any shares of Voting Stock of a Significant Subsidiary, or securities convertible into or options, warrants or rights to subscribe for or purchase shares of Voting Stock of a Significant Subsidiary, and we will not permit any Significant Subsidiary to issue any shares of, or securities convertible into or options, warrants or rights to subscribe for or purchase shares of, Voting Stock of a Significant Subsidiary, in each case if, after giving effect to such transaction and to the issuance of the maximum number of shares of Voting Stock of such Significant Subsidiary issuable upon the exercise of all such convertible securities, options, warrants or rights, such Significant Subsidiary would cease to be a “Controlled Subsidiary” (as defined below); and
- we will not permit any Significant Subsidiary to (1) merge or consolidate with or into any corporation unless the survivor is us or is, or upon consummation of the merger or consolidation will become, a Controlled Subsidiary, or (2) lease, sell or transfer all or substantially all of its properties and assets to any person except to us or a Controlled Subsidiary or a person that upon such lease, sale or transfer will become a Controlled Subsidiary.

A “*Controlled Subsidiary*” is a Subsidiary of the Company in respect of which at least 80% of the outstanding shares of the Voting Stock of such subsidiary is at the time owned by us, by one or more of our Subsidiaries or by us and one or more of our Controlled Subsidiaries.

A “*Significant Subsidiary*” is any Subsidiary of the Company that satisfies the criteria for a “significant subsidiary” set forth in Rule 1-02(w) of Regulation S-X under the Exchange Act.

“*Voting Stock*” of any specified Person as of any date means the capital stock or other equity interests of such Person of the class or classes having general voting power under ordinary circumstances to elect at least a majority of the board of directors, managers or trustees of such Person; *provided* that, for the purposes hereof, capital stock or equity interests which carry only the right to vote conditionally on the happening of an event shall not be considered “Voting Stock” whether or not such event shall have happened.

The limitations described above do not apply to transactions required by law, rule, regulation or order of any governmental agency or authority. In addition, for the avoidance of doubt, the limitations described in the second bullet point above will not apply to any transfer of loan receivables, on customary terms and in the ordinary course of business, directly or indirectly to our or our subsidiaries’ securitization entities in connection with our or our subsidiaries’ securitization facilities.

Limitation on Creation of Liens

The indenture contains a covenant limiting our ability to create liens on the Voting Stock of a Significant Subsidiary. This covenant generally provides that, as long as any of the notes are outstanding, neither we nor any of our Subsidiaries will create, assume or incur any pledge, encumbrance or lien upon any shares of Voting Stock of a Significant Subsidiary, or upon securities convertible into or options, warrants or rights to subscribe for or purchase, any shares of Voting Stock of a Significant Subsidiary, in each case to secure indebtedness for borrowed money, if, treating such pledge, encumbrance or lien as a transfer of the shares of Voting Stock of such Significant Subsidiary or securities convertible into or options, warrants or rights to subscribe for or purchase shares of Voting Stock of such Significant Subsidiary to the secured party (in each case after giving effect to such transaction and to the issuance of the maximum number of shares of Voting Stock of such Significant Subsidiary issuable upon the exercise of all such convertible securities, options, warrants or rights), such Significant Subsidiary would cease to be a Controlled Subsidiary, unless the notes are equally and ratably secured with any and all such indebtedness for so long as such indebtedness is so secured.

In addition, for the avoidance of doubt, the limitations described in the preceding paragraph do not apply to the incurrence of any pledge, encumbrance or lien upon loan receivables, on customary terms and in the ordinary course of business, in connection with our or our subsidiaries' securitization financing facilities.

Events of Default

In addition to the events of default described under "Description of Debt Securities" in the accompanying prospectus, each of the following is an "Event of Default" with respect to the notes:

- a default on any indebtedness of ours or any Significant Subsidiary for borrowed money, which default results in the acceleration of such indebtedness by its terms (if such indebtedness has not already matured in accordance with its terms) if the aggregate principal amount of such indebtedness exceeds \$75 million and such indebtedness has not been discharged or the acceleration is not rescinded or annulled within 15 days after written notice from the trustee or holders of at least 25% of the outstanding principal amount of the notes as provided in the indenture; provided that this event of default will be remedied, cured or waived without further action upon the part of either the trustee or any of the holders if any default giving rise to the acceleration of such other indebtedness is remedied, cured or waived; and
- specified events relating to the bankruptcy, insolvency, reorganization or receivership of a Significant Subsidiary.

Book-Entry System

Unless otherwise indicated in the prospectus supplement, DTC, which we refer to along with its successors in this capacity as the "depository," will act as securities depository for the notes. Unless otherwise indicated in the prospectus supplement, the notes will be issued as fully registered securities registered in the name of Cede & Co., the depository's nominee. One or more fully registered global security certificates, representing the total aggregate principal amount of the notes, will be issued with respect to the notes and will be deposited with the depository or its custodian and will bear a legend regarding the restrictions on exchanges and registration of transfer referred to below.

The laws of some jurisdictions may require that some purchasers of securities take physical delivery of securities in definitive form. These laws may impair the ability to transfer beneficial interests in the notes so long as the notes are represented by global security certificates.

Investors may elect to hold interests in the global notes through either DTC in the United States or Clearstream Banking, société anonyme ("Clearstream, Luxembourg") or Euroclear Bank S.A./N.V., as operator of the Euroclear System (the "Euroclear System"), in Europe if they are participants of such systems, or indirectly through organizations which are participants in such systems. Clearstream, Luxembourg and the Euroclear System will hold interests on behalf of their participants through customers' securities accounts in Clearstream, Luxembourg's and the Euroclear System's names on the books of their respective depositories, which in turn will hold such interests in customers' securities accounts in the respective depositories' names on the books of DTC. Citibank N.A. will act as depository for Clearstream, Luxembourg, and JPMorgan Chase Bank, N.A. will act as depository for the Euroclear System (in such capacities, the "U.S. Depositories").

DTC advises that it is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered pursuant to the provisions of Section 17A of the Exchange Act. The depository holds securities that its participants deposit with the depository. The depository also facilitates the settlement among participants of securities transactions, including transfers and pledges, in deposited securities through electronic computerized book-entry changes in participants' accounts, thereby eliminating the need for physical

movement of securities certificates. Direct participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. Access to the depository's system is also available to others, including securities brokers and dealers, banks and trust companies that clear transactions through or maintain a direct or indirect custodial relationship with a direct participant either directly, or indirectly. The rules applicable to the depository and its participants are on file with the SEC.

Clearstream, Luxembourg advises that it is incorporated under the laws of Luxembourg as a professional depository. Clearstream, Luxembourg holds securities for its participating organizations ("Clearstream Participants") and facilitates the clearance and settlement of securities transactions between Clearstream Participants through electronic book-entry changes in accounts of Clearstream Participants, thereby eliminating the need for physical movement of certificates. Clearstream, Luxembourg provides to Clearstream Participants, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream, Luxembourg interfaces with domestic markets in several countries. As a professional depository, Clearstream, Luxembourg is subject to regulation by the Luxembourg Commission for the Supervision of the Financial Sector (Commission de Surveillance du Secteur Financier). Clearstream Participants are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations and may include the underwriters. Indirect access to Clearstream, Luxembourg is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Clearstream Participant, either directly or indirectly.

Distributions with respect to interests in the notes held beneficially through Clearstream, Luxembourg will be credited to cash accounts of Clearstream Participants in accordance with its rules and procedures, to the extent received by the U.S. Depository for Clearstream, Luxembourg.

The Euroclear System advises that it was created in 1968 to hold securities for participants of the Euroclear System ("Euroclear Participants") and to clear and settle transactions between Euroclear Participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. The Euroclear System includes various other services, including securities lending and borrowing and interfaces with domestic markets in several countries. The Euroclear System is operated by Euroclear Bank S.A./N.V. (the "Euroclear Operator"). All operations are conducted by the Euroclear Operator, and all Euroclear securities clearance accounts and Euroclear System cash accounts are accounts with the Euroclear Operator. Euroclear Participants include banks (including central banks), securities brokers and dealers and other professional financial intermediaries and may include the underwriters. Indirect access to the Euroclear System is also available to other firms that clear through or maintain a custodial relationship with a Euroclear Participant, either directly or indirectly.

Securities clearance accounts and cash accounts with the Euroclear Operator are governed by the Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System, and applicable Belgian law (collectively, the "Terms and Conditions"). The Terms and Conditions govern transfers of securities and cash within the Euroclear System, withdrawals of securities and cash from the Euroclear System, and receipts of payments with respect to securities in the Euroclear System. All securities in the Euroclear System are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear Operator acts under the Terms and Conditions only on behalf of Euroclear Participants, and has no records of or relationship with persons holding through Euroclear Participants.

Distributions with respect to the notes held beneficially through the Euroclear System will be credited to the cash accounts of Euroclear Participants in accordance with the Terms and Conditions, to the extent received by the U.S. Depository for the Euroclear System.

We will issue the notes in definitive certificated form in exchange for global securities if:

- the depositary notifies us that it is unwilling or unable to continue as depositary with respect to the notes or the depositary ceases to be a clearing agency registered under the Exchange Act and, in each case, a successor depositary is not appointed by us within 90 days of such notice or of our becoming aware of such failure to be registered;
- we determine at any time that the notes will no longer be represented by global security certificates (in which case we will inform the depositary of such determination and who will, in turn, notify participants of their right to withdraw their beneficial interest from the global security certificates representing such series of debt securities); or
- any event shall have occurred and be continuing which, after notice or lapse of time, or both, would constitute an event of default with respect to the notes, and such exchange is so requested by or on behalf of the depositary in accordance with customary procedures following the request of a beneficial owner seeking to exercise or enforce its rights under the notes.

Any global debt security, or portion thereof, that is exchangeable pursuant to this paragraph will be exchangeable for note certificates, as the case may be, registered in the names directed by the depositary. We expect that these instructions will be based upon directions received by the depositary from its participants with respect to ownership of beneficial interests in the global security certificates.

As long as the depositary or its nominee is the registered owner of the global security certificates, the depositary or its nominee, as the case may be, will be considered the sole owner and holder of the global security certificates and all notes represented by these certificates for all purposes under the notes and the indenture. Except in the limited circumstances referred to above, owners of beneficial interests in global security certificates:

- will not be entitled to have the notes represented by these global security certificates registered in their names; and
- will not be considered to be owners or holders of the global security certificates or notes represented by these certificates for any purpose under the notes or the indenture.

All payments on the notes represented by the global security certificates and all transfers and deliveries of related notes will be made to the depositary or its nominee, as the case may be, as the holder of the notes.

Ownership of beneficial interests in the global security certificates will be limited to participants or persons that may hold beneficial interests through institutions that have accounts with the depositary or its nominee. Ownership of beneficial interests in global security certificates will be shown only on, and the transfer of those ownership interests will be effected only through, records maintained by the depositary or its nominee, with respect to participants' interests, or any participant, with respect to interests of persons held by the participant on their behalf. Payments, transfers, deliveries, exchanges and other matters relating to beneficial interests in global security certificates may be subject to various policies and procedures adopted by the depositary from time to time. Neither we nor the trustee will have any responsibility or liability for any aspect of the depositary's or any participant's records relating to, or for payments made on account of, beneficial interests in global security certificates, or for maintaining, supervising or reviewing any of the depositary's records or any participant's records relating to these beneficial ownership interests.

Although the depositary has agreed to the foregoing procedures in order to facilitate transfers of interests in the global security certificates among participants, the depositary is under no obligation to perform or continue to perform these procedures, and these procedures may be discontinued at any time. We will not have any responsibility for the performance by the depositary or its direct participants or indirect participants under the rules and procedures governing the depositary.

The information in this section concerning the depository, its book-entry system, Clearstream, Luxembourg and the Euroclear System has been obtained from sources that we believe to be reliable, but we have not attempted to verify the accuracy of this information.

Global Clearance and Settlement Procedures

Unless otherwise indicated in the prospectus supplement, initial settlement for the notes will be made in immediately available funds. Secondary market trading between DTC Participants will occur in the ordinary way in accordance with DTC rules and will be settled in immediately available funds using DTC's Same-Day Funds Settlement System. Secondary market trading between Clearstream Participants and/or Euroclear Participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Clearstream, Luxembourg and the Euroclear System, as applicable.

Cross-market transfers between persons holding directly or indirectly through DTC, on the one hand, and directly or indirectly through Clearstream Participants or Euroclear Participants, on the other, will be effected through DTC in accordance with DTC rules on behalf of the relevant European international clearing system by its U.S. Depository; however, such cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in such system in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the transaction meets its settlement requirements, deliver instructions to its U.S. Depository to take action to effect final settlement on its behalf by delivering or receiving securities in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Clearstream Participants and Euroclear Participants may not deliver instructions directly to their respective U.S. Depositories.

Because of time-zone differences, credits of notes received in Clearstream, Luxembourg or the Euroclear System as a result of a transaction with a DTC Participant will be made during subsequent securities settlement processing and dated the business day following the DTC settlement date. Such credits or any transactions in notes settled during such processing will be reported to the relevant Euroclear Participant or Clearstream Participant on such business day. Cash received in Clearstream, Luxembourg or the Euroclear System as a result of sales of the notes by or through a Clearstream Participant or a Euroclear Participant to a DTC Participant will be received with value on the DTC settlement date but will be available in the relevant Clearstream, Luxembourg or the Euroclear System cash account only as of the business day following settlement in DTC.

Although DTC, Clearstream, Luxembourg and the Euroclear System have agreed to the foregoing procedures in order to facilitate transfers of notes among participants of DTC, Clearstream, Luxembourg and the Euroclear System, they are under no obligation to perform or continue to perform such procedures and such procedures may be discontinued or changed at any time.

MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES

The following are the material U.S. federal income tax consequences of owning and disposing of notes purchased in this offering at the “issue price,” which is the first price at which a substantial amount of the notes is sold to the public, and held as capital assets for U.S. federal income tax purposes.

This discussion does not describe all of the tax consequences that may be relevant to you in light of your particular circumstances, including the potential application of the income accrual rules set forth in Section 451(b) of the Internal Revenue Code of 1986, as amended (the “Code”), alternative minimum tax and Medicare contribution tax consequences, as well as differing tax consequences that may apply if you are, for instance:

- a financial institution;
- a regulated investment company;
- a dealer or trader in securities that uses a mark-to-market method of accounting;
- holding notes as part of a “straddle” or integrated transaction;
- a U.S. Holder (as defined below) whose functional currency is not the U.S. dollar;
- a tax-exempt entity; or
- a partnership for U.S. federal income tax purposes.

If you are a partnership for U.S. federal income tax purposes, the U.S. federal income tax treatment of your partners will generally depend on the status of the partners and your activities.

This summary is based on the Code, administrative pronouncements, judicial decisions and final, temporary and proposed Treasury Regulations, changes to any of which subsequent to the date of this prospectus supplement may affect the tax consequences described herein. This summary does not address any aspect of state, local or non-U.S. taxation, or any taxes other than income taxes. You should consult your tax adviser with regard to the application of the U.S. federal tax laws to your particular situation, as well as any tax consequences arising under the laws of any state, local or foreign taxing jurisdiction.

Tax Consequences to U.S. Holders

This section applies to you if you are a U.S. Holder. You are a U.S. Holder if for U.S. federal income tax purposes you are a beneficial owner of a note and are:

- a citizen or individual resident of the United States;
- a corporation, or other entity taxable as a corporation, created or organized in or under the laws of the United States, any state therein or the District of Columbia; or
- an estate or trust the income of which is subject to U.S. federal income taxation regardless of its source.

Certain Additional Payments

We will be required to make payments of additional amounts if we repurchase all or a portion of the notes upon the occurrence of a “Change of Control Repurchase Event,” as described under “Description of Notes—Repurchase at the Option of Holders—Change of Control Repurchase Event.” We intend to take the position that the possibility of such payments does not result in the notes being treated as contingent payment debt instruments under the applicable Treasury Regulations. Our position is not binding on the Internal Revenue Service (“IRS”). If the IRS takes a contrary position, you may be required to accrue interest income based upon a “comparable yield” (as defined in the Treasury Regulations) determined at the time of issuance of the notes, with adjustments

to such accruals when any contingent payments are made that differ from the payments based on the comparable yield. In addition, any income on the sale, exchange, retirement or other taxable disposition of the notes would be treated as interest income rather than as capital gain. You should consult your tax adviser regarding the tax consequences if the notes were treated as contingent payment debt instruments. The remainder of this discussion assumes that the notes are not treated as contingent payment debt instruments.

Payments of Interest

Stated interest on a note will be taxable to you as ordinary interest income at the time it accrues or is received, in accordance with your method of accounting for federal income tax purposes. It is expected, and this discussion assumes, that the notes will be issued without original issue discount for U.S. federal income tax purposes.

Sale or Other Taxable Disposition of the Notes

Upon the sale or other taxable disposition of a note, you will recognize taxable gain or loss equal to the difference between the amount realized on the sale or other taxable disposition and your adjusted tax basis in the note. Your adjusted tax basis in a note will equal the cost of your note. For these purposes, the amount realized does not include any amount attributable to accrued interest, which is treated as described under “Payments of Interest” above.

Gain or loss realized on the sale or other taxable disposition of a note will generally be capital gain or loss and will be long-term capital gain or loss if at the time of the sale or other taxable disposition the note has been held for more than one year. Long-term capital gains recognized by non-corporate U.S. Holders are subject to reduced tax rates. The deductibility of capital losses is subject to limitations.

Tax Consequences to Non-U.S. Holders

This section applies to you if you are a Non-U.S. Holder. You are a Non-U.S. Holder if for U.S. federal income tax purposes you are a beneficial owner of a note that is:

- a nonresident alien individual;
- a foreign corporation; or
- a foreign estate or trust.

You are not a Non-U.S. Holder if you are a nonresident alien individual present in the United States for 183 days or more in the taxable year of disposition, or if you are a former citizen or former resident of the United States, in either of which cases you should consult your tax adviser regarding the U.S. federal income tax consequences of owning or disposing of a note.

Payments on the Notes

Subject to the discussion below under “FATCA,” payments of principal and interest on the notes by us or any paying agent to you will not be subject to U.S. federal income or withholding tax, provided that, in the case of interest,

- you do not own, actually or constructively, ten percent or more of the total combined voting power of all classes of stock of the Company entitled to vote;
- you are not a controlled foreign corporation related, directly or indirectly, to the Company through stock ownership;
- you certify on a properly executed IRS Form W-8BEN or W-8BEN-E, as applicable, under penalties of perjury, that you are not a United States person; and

- it is not effectively connected with your conduct of a trade or business in the United States as described below.

If you cannot satisfy one of the first three requirements described above and interest on the notes is not exempt from withholding because it is effectively connected with your conduct of a trade or business in the United States as described below, payments of interest on the notes will be subject to withholding tax at a rate of 30%, or a lower rate specified by an applicable treaty.

Sale or Other Taxable Disposition of the Notes

You generally will not be subject to U.S. federal income or withholding tax on gain realized on a sale, redemption or other taxable disposition of notes, unless the gain is effectively connected with your conduct of a trade or business in the United States as described below, although any amounts attributable to accrued interest will be treated as described above under “Payments on the Notes.”

Effectively Connected Income

If interest or gain on a note is effectively connected with your conduct of a trade or business in the United States (and, if required by an applicable income tax treaty, is attributable to a U.S. permanent establishment or fixed base maintained by you), you will generally be taxed in the same manner as a U.S. Holder (see “Tax Consequences to U.S. Holders” above). In this case, you will be exempt from the withholding tax on interest discussed above, although you will be required to provide a properly executed IRS Form W-8ECI in order to claim an exemption from withholding. You should consult your tax adviser with respect to other U.S. tax consequences of the ownership and disposition of notes, including the possible imposition of a branch profits tax at a rate of 30% (or a lower treaty rate) if you are a corporation.

Backup Withholding and Information Reporting

If you are a U.S. Holder, information returns are required to be filed with the IRS in connection with payments on the notes and proceeds received from a sale or other disposition of the notes unless you are an exempt recipient. You may also be subject to backup withholding on these payments in respect of your notes unless you provide your taxpayer identification number and otherwise comply with applicable requirements of the backup withholding rules or you provide proof of an applicable exemption.

If you are Non-U.S. Holder, information returns are required to be filed with the IRS in connection with payments of interest on the notes. Unless you comply with certification procedures to establish that you are not a United States person, information returns may also be filed with the IRS in connection with the proceeds from a sale or other disposition of a note. You may be subject to backup withholding on payments on the notes or on the proceeds from a sale or other disposition of the notes unless you comply with certification procedures to establish that you are not a United States person or otherwise establish an exemption. The certification procedures required to claim the exemption from withholding tax on interest described above will satisfy the certification requirements necessary to avoid backup withholding as well.

Amounts withheld under the backup withholding rules are not additional taxes and may be refunded or credited against your U.S. federal income tax liability, provided the required information is timely furnished to the IRS.

FATCA

Provisions commonly referred to as “FATCA” impose withholding of 30% on payments of interest on the notes to certain non-U.S. entities (including financial intermediaries), unless various U.S. information reporting and due diligence requirements (generally relating to ownership by U.S. persons of interests in or accounts with

those entities) have been satisfied, or an exemption applies. An intergovernmental agreement between the United States and an applicable foreign country may modify these requirements. While existing Treasury regulations would also require withholding on payments of gross proceeds of the sale or other disposition of the notes, the U.S. Treasury Department has indicated in subsequent proposed regulations its intent to eliminate this requirement. The U.S. Treasury Department has indicated that taxpayers may rely on these proposed regulations pending their finalization. If an interest payment is both subject to withholding under FATCA and subject to the withholding tax discussed above under “Tax Consequences to Non-U.S. Holders—Payments on the Notes,” the withholding under FATCA may be credited against, and therefore reduce, such other withholding tax. You should consult your tax adviser regarding the effects of FATCA on your investment in the notes.

CERTAIN ERISA CONSIDERATIONS

The following is a summary of certain considerations associated with the purchase and holding of the notes by (i) employee benefit plans subject to Title I of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”), (ii) plans described in Section 4975 of the Code which are subject to Section 4975 of the Code (including an individual retirement account (“IRA”) and a Keogh plan) or provisions under other U.S. or non-U.S. federal, state, local or other laws or regulations that are similar to the fiduciary responsibility or prohibited transaction provisions of Title I of ERISA or Section 4975 of the Code (collectively, “Similar Laws”), and (iii) entities whose underlying assets are considered to include “plan assets” (pursuant to regulations issued by the U.S. Department of Labor in 29 C.F.R. Section 2510.3-101, as modified by Section 3(42) of ERISA, or otherwise) of any such plan, account or arrangement (each of the foregoing described in clause (i), (ii) and (iii) referred to herein as a “Plan”).

General Fiduciary Matters

ERISA and the Code impose certain duties on persons who are fiduciaries of a Plan subject to Title I of ERISA or Section 4975 of the Code (each, a “Covered Plan”) and prohibit certain transactions involving the assets of a Covered Plan and its fiduciaries or other interested parties. Under ERISA and the Code, any person who exercises discretionary authority or control over the administration of a Covered Plan or the management or disposition of the assets of a Covered Plan, or who renders investment advice for a fee or other compensation to a Covered Plan, is generally considered to be a fiduciary of the Covered Plan.

When considering an investment in the notes with the assets of any Plan, a fiduciary should determine whether the investment is in accordance with the documents and instruments governing the Plan and the applicable provisions of ERISA, the Code or any Similar Laws relating to a fiduciary’s duties to the Plan including, without limitation, the prudence, diversification, delegation of control and prohibited transaction provisions of ERISA, the Code and any applicable Similar Laws.

Plan fiduciaries should consider the fact that none of the Company, any underwriter or any of their respective affiliates (collectively, the “Transaction Parties”) is acting, or will act, as a fiduciary to any Plan with respect to the decision to purchase and/or hold the notes in connection with this offering. The Transaction Parties are not undertaking to provide impartial investment advice or advice based on any particular investment need, or to give advice in a fiduciary capacity, with respect to the decision to purchase the notes.

Prohibited Transaction Issues

Section 406 of ERISA and Section 4975 of the Code prohibit Covered Plans from engaging in specified transactions involving plan assets with persons or entities who are “parties in interest,” within the meaning of Section 406 of ERISA, or “disqualified persons,” within the meaning of Section 4975 of the Code, unless an exemption is available. A party in interest or disqualified person who engages in a non-exempt prohibited transaction may be subject to excise taxes and other penalties and liabilities under ERISA and the Code and may result in the disqualification of an IRA if the prohibited transaction involves the IRA owner or his or her beneficiary. In addition, the fiduciary of the Plan that engages in such a non-exempt prohibited transaction may be subject to penalties and liabilities under ERISA and/or the Code.

The acquisition and/or holding of notes by a Covered Plan with respect to which a Transaction Party is considered a party in interest or a disqualified person may constitute or result in a direct or indirect prohibited transaction under Section 406 of ERISA and/or Section 4975 of the Code, unless the notes are acquired and held in accordance with an applicable statutory, class or individual prohibited transaction exemption. Included among these statutory exemptions are Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code, which exempt certain transactions (including, without limitation, a sale and purchase of securities) between a Covered Plan and a party in interest so long as (i) such party in interest is treated as such solely by reason of providing services to

the Covered Plan, (ii) such party in interest is not a fiduciary which renders investment advice, or has or exercises discretionary authority or control, with respect to the plan assets involved in such transaction, or an affiliate of any such person and (iii) the Covered Plan neither receives less than nor pays more than “adequate consideration” (as defined in such Sections of ERISA and the Code) in connection with such transaction. In addition, the U.S. Department of Labor has issued prohibited transaction class exemptions (“PTCEs”) that may apply to the acquisition and holding of the notes. These class exemptions include, without limitation, PTCE 84-14 respecting transactions determined by independent qualified professional asset managers, PTCE 90-1 respecting insurance company pooled separate accounts, PTCE 91-38 respecting bank collective investment funds, PTCE 95-60 respecting life insurance company general accounts and PTCE 96-23 respecting transactions determined by in-house asset managers. Each of the above-noted exemptions contains conditions and limitations on its application. Fiduciaries of Covered Plans considering acquiring and/or holding the notes in reliance on these or any other exemption should carefully review the exemption to assure it is applicable. There can be no assurance that all of the conditions of any such exemptions will be satisfied with respect to transactions involving the notes.

Government plans, non-U.S. plans and certain church plans, while not subject to the prohibited transaction provisions of Section 406 of ERISA or Section 4975 of the Code, may nevertheless be subject to Similar Laws. Fiduciaries of such Plans should consult with their counsel regarding the potential consequences of an investment in the notes under any applicable Similar Laws before acquiring the notes.

Representations

Accordingly, by its acceptance of a note, each purchaser and holder of notes, and each subsequent transferee of notes will be deemed to have represented and warranted that either (i) such purchaser or subsequent transferee is not, and is not using the assets of, a Plan to acquire or hold the notes or (ii) the purchase, holding and subsequent disposition of the notes by such purchaser or transferee does not, and will not, constitute or result in a non-exempt prohibited transaction under Section 406 of ERISA and/or Section 4975 of the Code or a violation under any applicable Similar Laws.

The foregoing discussion is general in nature and is not intended to be all-inclusive. Due to the complexity of these rules and the penalties that may be imposed upon persons involved in non-exempt prohibited transactions, it is particularly important that fiduciaries or other persons considering purchasing and/or holding of the notes on behalf of, or with the assets of, any Plan, consult with their counsel regarding the potential applicability of ERISA, Section 4975 of the Code or any Similar Law and whether an exemption would be required. Neither this discussion nor anything provided in this prospectus supplement is, or is intended to be, investment advice directed at any potential Plan purchasers, or at Plan purchasers generally, and such purchasers of the notes should consult and rely on their own counsel and advisers as to whether an investment in the notes is suitable for the Plan.

UNDERWRITING

Under the terms and subject to the conditions contained in an underwriting agreement dated the date of this prospectus supplement, the underwriters named below, J.P. Morgan Securities LLC and RBC Capital Markets, LLC, have severally agreed to purchase, and SLM Corporation has agreed to sell to them, severally, the principal amount of notes indicated below:

<u>Name</u>	<u>Principal Amount of Notes</u>
J.P. Morgan Securities LLC	\$200,000,000
RBC Capital Markets, LLC	150,000,000
Barclays Capital Inc.	75,000,000
Goldman Sachs & Co. LLC	75,000,000
Total	<u>\$500,000,000</u>

J.P. Morgan Securities LLC and RBC Capital Markets, LLC are the joint book-running managers of this offering.

The underwriters are offering the notes subject to their acceptance of the notes from us and subject to prior sale. The underwriting agreement provides that the obligations of the several underwriters to pay for and accept delivery of the notes offered by this prospectus supplement and the accompanying prospectus are subject to the approval of certain legal matters by their counsel and to certain other conditions. The underwriters are obligated to take and pay for all of the notes offered by this prospectus supplement and the accompanying prospectus if any such notes are taken. The underwriting agreement also provides that if an underwriter defaults, the purchase commitments of non-defaulting underwriters may also be increased or this offering may be terminated.

The underwriters initially propose to offer the notes directly to the public at the public offering price listed on the cover page of this prospectus supplement and may offer the notes to certain dealers at a price that represents a concession not in excess of 0.500% of the principal amount of the notes. Any underwriter may allow, and such dealers may reallocate, a concession not in excess of 0.250% of the principal amount of the notes to other underwriters or to certain dealers. After the initial offering of the notes, the offering price and other selling terms may from time to time be varied by the underwriters. The offering of the notes by the underwriters is subject to receipt and acceptance and subject to the underwriters' right to reject any order in whole or in part.

The following table shows the per note and total underwriting discounts to be paid to the underwriters.

	<u>Underwriting Discounts</u>
Per Note	1.000%
Total	\$5,000,000

The estimated offering expenses are approximately \$1.5 million, which includes legal, accounting and printing costs and various other fees associated with this offering. All offering expenses will be payable by us.

A prospectus supplement and accompanying prospectus in electronic format may be made available on web sites maintained by one or more underwriters. The underwriters may agree to allocate notes to underwriters for sale to their online brokerage account holders. Internet distributions will be allocated by the joint book-running managers to underwriters that may make Internet distributions on the same basis as other allocations.

The notes constitute a new issue of securities, for which there is no existing market. We do not intend to apply for listing of the notes on any securities exchange or for quotation of the notes in any automated dealer quotation system. We cannot provide you with any assurance regarding whether a trading market for the notes will develop, the ability of holders of the notes to sell their notes or the price at which holders may be able to sell

their notes. The underwriters have advised us that they currently intend to make a market in the notes. However, the underwriters are not obligated to do so, and any market-making with respect to the notes may be discontinued at any time without notice. If no active trading market develops in the notes, you may be unable to resell your notes at any price or at their fair market value.

In connection with the offering, the underwriters may purchase and sell notes in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater number of notes than they are required to purchase in the offering. Stabilizing transactions consist of certain bids or purchases made for the purpose of preventing or retarding a decline in the market price of the notes while this offering is in progress.

The underwriters also may impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the underwriting discount received by it because the underwriters or their respective affiliates have repurchased notes sold by or for the account of such underwriter in stabilizing or short covering transactions.

These activities by the underwriters, as well as other purchases by the underwriters for their own accounts, may stabilize, maintain or otherwise affect the market price of the notes. As a result, the price of the notes may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued by the underwriters at any time. These transactions may be effected in the over-the-counter market or otherwise.

We and the underwriters have agreed to indemnify each other against certain liabilities, including liabilities under the Securities Act.

We expect that delivery of the notes will be made to investors on or about the delivery date specified on the cover page of this prospectus supplement, which will be the third business day following the date of this prospectus supplement (such settlement being referred to as “T+3”). Under Rule 15c6-1 of the Exchange Act, trades in the secondary market generally are required to settle in two business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade the notes on any day prior to the second business day before the delivery of the notes hereunder will be required, by virtue of the fact that the notes initially will settle in T+3, to specify an alternative settlement cycle at the time of any such trade to prevent failed settlement. Such purchasers should consult their own advisors in this regard.

Relationships with Underwriters

The underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include sales and trading, commercial and investment banking, advisory, investment management, investment research, principal investment, hedging, market making, brokerage and other financial and non-financial activities and services. Certain of the underwriters and their respective affiliates have provided, and may in the future provide, a variety of these services to us and our affiliates for which they received or will receive customary fees and expenses. J.P. Morgan Securities LLC is expected to act as dealer manager for the Tender Offer.

In the ordinary course of their various business activities, the underwriters and their respective affiliates, officers, directors and employees may purchase, sell or hold a broad array of investments and actively traded securities, derivatives, loans, commodities, currencies, credit default swaps and other financial instruments for their own account and for the accounts of their customers, and such investment and trading activities may involve or relate to assets, securities and/or instruments (directly, as collateral securing other obligations or otherwise) of

ours and/or our affiliates. If any of the underwriters or their affiliates has a lending relationship with us or our affiliates, certain of those underwriters or their affiliates routinely hedge, and certain other of those underwriters or their affiliates may hedge, their credit exposure to us or our affiliates consistent with their customary risk management policies. Typically, these underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the notes offered hereby. The underwriters and their respective affiliates may also communicate independent investment recommendations, market color or trading ideas and/or publish or express independent research views in respect of such assets, securities or instruments and may at any time hold, or recommend to clients that they should acquire, long and/or short positions in such assets, securities and instruments.

We take no responsibility for, and can provide no assurance as to the reliability of, any other information that others may give you. FORWARD-LOOKING STATEMENTS

This prospectus, including information incorporated by reference herein, contains “forward-looking” statements and information based on management’s current expectations as of the date of this prospectus. Statements that are not historical facts, including statements about our beliefs, opinions or expectations and statements that assume or are dependent upon future events, are forward-looking statements. In some cases, you can identify these statements by forward-looking words such as “may,” “might,” “will,” “should,” “expects,” “plans,” “anticipates,” “believes,” “estimates,” “predicts,” “potential” or “continue,” the negative of these terms and other comparable terminology. Forward-looking statements are not guarantees of future performance and are subject to risks, uncertainties, assumptions and other factors that may cause actual results to be materially different from those reflected in such forward-looking statements. These factors include, among others, the risks and uncertainties set forth in Item 1A. “Risk Factors” and elsewhere our Annual Report on Form 10-K and subsequent filings with the Securities and Exchange Commission (“SEC”); increases in financing costs; limits on liquidity; increases in costs associated with compliance with laws and regulations; failure to comply with consumer protection, banking and other laws; changes in accounting standards and the impact of related changes in significant accounting estimates; any adverse outcomes in any significant litigation to which we are a party; credit risk associated with our exposure to third-parties, including counterparties to our derivative transactions; and changes in the terms of education loans and the educational credit marketplace (including changes resulting from new laws and the implementation of existing laws). We could also be affected by, among other things: changes in our funding costs and availability; reductions to our credit ratings; cybersecurity incidents and

cyberattacks and other failures or breaches of our operating systems or infrastructure, including those of third-party vendors; damage to our reputation; risks associated with restructuring initiatives, including failures to successfully implement cost-cutting programs and the adverse effects of such initiatives on our business; changes in the demand for educational financing or in financing preferences of lenders, educational institutions, students and their families; changes in law and regulations with respect to the student lending business and financial institutions generally; changes in banking rules and regulations, including increased capital requirements; increased competition from banks and other consumer lenders; the creditworthiness of our customers; changes in the general interest rate environment, including the rate relationships among relevant money-market instruments and those of our earning assets versus our funding arrangements; rates of prepayment on the loans that we make or acquire; changes in general economic conditions and our ability to successfully effectuate any acquisitions; and other strategic initiatives. The preparation of our consolidated financial statements also requires management to make certain estimates and assumptions, including estimates and assumptions about future events. These estimates or assumptions may prove to be incorrect. All forward-looking statements contained in this prospectus are qualified by these cautionary statements and are made only as of the date of this prospectus. We do not undertake any obligation to update or revise these forward-looking statements to conform such statements to actual results or changes in our expectations.

For more information regarding these risks and uncertainties as well as certain additional risks that we face, investors should review the risks described in this prospectus and in the applicable prospectus supplement and those incorporated by reference into this prospectus, including those risks discussed under the caption entitled “Risk Factors” in our Annual Report on Form 10-K for the year ended December 31, 2017, our Quarterly Reports on Form 10-Q for the quarters ended March 31, 2018 and June 30, 2018, and subsequent reports and registration statements filed from time to time with the SEC.

SLM CORPORATION

SLM Corporation, more commonly known as Sallie Mae, is the nation's leading saving, planning and paying for college company. We have made a difference in students' and families' lives, helping more than 35 million Americans pay for college. There is no single way to achieve this task, so we provide a range of products to help families, whether college is a long way off or right around the corner. Our employees, products and information all promote responsible financial habits that help our customers make college happen.

Our primary business is to originate and service high quality Private Education Loans we make to students and their families. "Private Education Loans" are education loans for students or their families that are not made, insured or guaranteed by any state or federal government. We also offer a range of deposit products insured by the Federal Deposit Insurance Corporation (the "FDIC") and operate a consumer savings network that provides financial rewards on everyday purchases to help families save for college.

We were formed in 1972 as the Student Loan Marketing Association, a federally-chartered government-sponsored enterprise ("GSE"), with the goal of furthering access to higher education by providing a national secondary market and warehousing facilities for loans insured or guaranteed under the previously existing Federal Family Education Loan program ("FFELP Loans"). The GSE's federal charter prohibited it from originating student loans in the primary market.

In 1996, the United States Congress passed the Student Loan Marketing Association Reorganization Act, which set the stage for the "privatization" of the GSE. As part of the privatization process, we incorporated SLM Corporation in 1997 as a Delaware corporation, the GSE became a subsidiary of SLM Corporation, and by mid-2004 the GSE stopped purchasing FFELP Loans in the secondary market and was dissolved by the end of 2004.

On November 3, 2005, SLM Corporation formed Sallie Mae Bank, a Utah industrial bank subsidiary (the "Bank"), to fund and originate Private Education Loans on behalf of SLM Corporation. While the Bank first originated Private Education Loans in February 2006, SLM Corporation continued to purchase a portion of its Private Education Loans from its third-party lending partners through mid-2009. With some minor exceptions, the Bank became the sole originator of Private Education Loans for SLM Corporation beginning with the 2009-2010 academic year, the first academic year following the launch of the Bank's Smart Option Student Loan program in mid-2009.

On March 30, 2010, President Obama signed into law the Federal Direct Student Loan Program (the "DSLPL"), effective July 1, 2010. At that time, the federal guaranteed student loan program (under which FFELP Loans were made) was eliminated, although the terms and conditions of existing guaranteed student loans were not altered or affected.

On April 30, 2014, we completed our plan to legally separate (the "Spin-Off") into two distinct publicly-traded entities: an education loan management, servicing and asset recovery business, named Navient Corporation ("Navient"), which retained all assets and liabilities generated prior to the Spin-Off other than those explicitly retained by SLM Corporation; and a consumer banking business, named SLM Corporation. We sometimes refer to the SLM Corporation that existed prior to the Spin-Off as "pre-Spin-Off SLM."

Our principal executive offices are located at 300 Continental Drive, Newark, Delaware 19713, and our telephone number is (302) 451-0200.

RISK FACTORS

Investing in our securities involves risks. Before deciding to purchase any of our securities, you should carefully consider the discussion of risks and uncertainties under the heading “Risk Factors” in our most recent Annual Report on Form 10-K and subsequent Quarterly Report on Form 10-Q, as well as the other risks and uncertainties described in any other documents incorporated by reference in this prospectus or in any applicable prospectus supplement or free writing prospectus. See the section entitled “Where You Can Find More Information” in this prospectus. The prospectus supplement applicable to each sale of securities we offer pursuant to this prospectus may contain a discussion of additional risks applicable to an investment in us and the securities we are offering under that prospectus supplement. Our business, financial condition, liquidity, results of operations or prospects could be materially adversely affected by any of these risks and could result in a partial or complete loss of your investment.

USE OF PROCEEDS

Unless otherwise stated in the prospectus supplement accompanying this prospectus or any applicable free writing prospectus, the net proceeds from the sale of the securities will be used for general corporate purposes, including working capital, loan originations, acquisitions, retirement of debt and other business opportunities.

RATIO OF EARNINGS TO FIXED CHARGES AND PREFERRED STOCK DIVIDENDS

The following table sets forth our ratio of earnings to fixed charges and preferred stock dividends for the periods indicated.

	<u>Six Months Ended June 30,</u>	<u>Years Ended December 31,</u>				
	<u>2018</u>	<u>2017</u>	<u>2016</u>	<u>2015</u>	<u>2014</u>	<u>2013</u>
Ratio of earnings to fixed charges ⁽¹⁾	2.39	2.57	3.18	4.33	4.39	5.57
Ratio of earnings to fixed charges and preferred stock dividends ⁽¹⁾	2.31	2.45	2.86	3.77	3.88	5.57

- (1) For purposes of computing these ratios, earnings represent income (loss) before income tax expense plus fixed charges. Fixed charges represent interest expensed and capitalized plus one-third (the proportion deemed representative of the interest factor) of rents, net of income from subleases.

We will determine when we sell securities, the amounts of securities we will sell and the prices and other terms on which we will sell them.

ADDITIONAL INFORMATION

We will describe in a prospectus supplement, which we will deliver with this prospectus, the terms of particular securities that we may offer in the future. Each prospectus supplement will include the following information:

- the type and amount of securities that we propose to sell;
- the initial public offering price of the securities;

DESCRIPTION OF CAPITAL STOCK

The following description of our capital stock is based upon our Restated Certificate of Incorporation, dated February 25, 2015 (the “Certificate of Incorporation”), our Amended and Restated By-Laws, effective June 25, 2015 (the “Bylaws”) and applicable provisions of law. We have summarized certain portions of the Certificate of Incorporation and Bylaws below. The summary is not complete. The Certificate of Incorporation and Bylaws are incorporated by reference as exhibits to the registration statement of which this prospectus forms a part. You should read the Certificate of Incorporation and Bylaws for the provisions that are important to you.

General

The total number of shares of stock which the Company shall have authority to issue is 1,145,000,000 shares of capital stock, consisting of (i) 1,125,000,000 shares of common stock, par value \$.20 per share (the “common stock”), and (ii) 20,000,000 shares of preferred stock, par value \$.20 per share (the “preferred stock”). As of June 30, 2018, 435,380,601 shares of our common stock, and 4,000,000 shares of our Floating Rate Non-Cumulative Preferred Stock, Series B (the “Series B preferred stock”) were outstanding.

Common Stock

Voting rights. Except as otherwise expressly required by law or provided in the Certificate of Incorporation, and subject to any voting rights provided to holders of preferred stock at any time outstanding, at each annual or special meeting of stockholders, each holder of record of shares of common stock on the relevant record date shall be entitled to cast one vote in person or by proxy for each share of the common stock standing in such holder’s name on the stock transfer records of the Company.

Proxy access. Our Bylaws contain “proxy access” provisions which give an eligible shareholder (or a group of up to 20 shareholders aggregating their shares) that has owned 3% or more of the outstanding common stock continuously for at least three years the right to nominate 25% of the number of directors to be elected at the applicable annual general meeting, and to have those nominees included in our proxy materials, subject to the other terms and conditions of our Bylaws.

Dividend rights. Subject to the rights of the holders of preferred stock, and subject to any other provisions of the Certificate of Incorporation, as it may be amended from time to time, holders of shares of common stock shall be entitled to receive such dividends and other distributions in cash, stock or property of the Company when, as and if declared thereon by the board of directors from time to time out of assets or funds of the Company legally available therefor.

Rights upon liquidation, dissolution, etc. In the event of any liquidation, dissolution or winding up (either voluntary or involuntary) of the Company, the holders of shares of common stock shall be entitled to receive the assets and funds of the Company available for distribution after payments to creditors and to the holders of any preferred stock of the Company that may at the time be outstanding, in proportion to the number of shares held by them.

Other rights. No holder of shares of common stock shall be entitled to preemptive or subscription rights.

We will distribute a prospectus supplement with regard to each issue of common stock. Each prospectus supplement will describe the specific terms of the common stock offered through that prospectus supplement and any general terms outlined in the Certificate of Incorporation and Bylaws, each as may be amended from time to time, that will not apply to that common stock.

Preferred Stock

We may issue preferred stock in one or more series with any rights and preferences that may be authorized by our board of directors. Our currently outstanding Series B preferred stock is described in our registration

statement on Form 8-A, which we filed with the SEC on June 9, 2005. This registration statement is incorporated by reference into this prospectus.

We will distribute a prospectus supplement with regard to each particular series of preferred stock. Each prospectus supplement will describe, as to the series of preferred stock to which it relates:

- the title of the series of preferred stock;
- any limit upon the number of shares of the series of preferred stock that may be issued;
- the preference, if any, to which holders of the series of preferred stock will be entitled upon our liquidation;
- the date or dates, if any, on which we will be required or permitted to redeem the preferred stock;
- the terms, if any, on which we or holders of the preferred stock will have the option to cause the preferred stock to be redeemed or purchased;
- the voting rights, if any, of the holders of the preferred stock;
- the dividends, if any, that will be payable with regard to the series of preferred stock, which may be fixed dividends or participating dividends, and may be cumulative or non-cumulative;
- the right, if any, of holders of the preferred stock to convert it into another class of our stock or securities, including provisions intended to prevent dilution of those conversion rights;
- any provisions by which we will be required or permitted to make payments to a sinking fund to be used to redeem preferred stock, or a purchase fund to be used to purchase preferred stock; and
- any other material terms of the preferred stock.

Any or all of these rights may be greater than the rights of the holders of common stock.

Our board of directors, without stockholder approval, may issue preferred stock with voting, conversion or other rights that could adversely affect the voting power and other rights of the holders of our common stock. The terms of the preferred stock that might be issued could conceivably prohibit us from:

- consummating a merger;
- reorganizing;
- selling substantially all of our assets;
- liquidating; or
- engaging in other extraordinary corporate transactions without stockholder approval.

Preferred stock could, therefore, be issued with terms calculated to delay, defer or prevent a change in our control or to make it more difficult to remove our management. Our issuance of preferred stock may have the effect of decreasing the market price of the common stock.

Election and Removal of Directors

Our Certificate of Incorporation provides that the number of directors of the Company shall be not less than eleven (11) and no more than sixteen (16). Subject to the provisions of the Certificate of Incorporation, the number of directors of the Company shall be fixed from time to time by a majority vote of the directors then in office. The board of directors shall consist of a majority of independent directors, as determined under the Company's corporate governance guidelines or any applicable exchange listing rules.

Directors may be removed with or without cause by a vote of the holders of shares entitled to vote at an election of directors at a duly called meeting of such holders, provided that no director shall be removed for cause except by the affirmative vote of not less than a majority of the voting power of the shares then entitled to vote at an election of directors, and provided further that if less than the entire board of directors is to be removed, no director may be removed without cause if the votes cast against his removal would be sufficient to elect him if then cumulatively voted at an election of the entire board of directors. The foregoing is subject to the rights of the holders of any series of preferred stock.

Any vacancy on the board of directors may be filled by the affirmative vote of a majority of directors then in office, but any vacancy filled in such manner shall be filled only until the next annual meeting of stockholders.

Written Consents

Our Certificate of Incorporation provides that any action required to be, or which may be, taken at any annual or special meeting of stockholders, may be taken without a meeting, without prior notice, and without a vote, if a consent or consents in writing, setting forth the action so taken, shall be signed and delivered by holders of outstanding stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were present and voted.

Stockholder Meetings

Our Certificate of Incorporation and our Bylaws provide that special stockholder meetings may be called at the request in writing of the holders of at least one-third of our capital stock issued and outstanding and entitled to vote at an election of directors.

Amendment of Certificate of Incorporation

Our Certificate of Incorporation provides that any action by the board of directors to amend our Certificate of Incorporation shall be approved by the affirmative vote of not less than a majority of the voting power of the shares of capital stock of the Company then entitled to vote at an election of directors. The Company reserves the right to amend, alter, change or repeal any provision contained in the Certificate of Incorporation, in the manner now or hereafter prescribed by statute, and all rights conferred upon stockholders in the Certificate of Incorporation are granted subject to this reservation.

Amendment of Bylaws

Our Bylaws may generally be amended by the stockholders or the board of directors, *provided, however*, that notice of such amendment is provided before the date on which the meeting of stockholders at which such amendment shall become effective or be voted on. All such amendments must be approved by either the holders of a majority of our outstanding capital stock entitled to vote thereon or a majority of the entire board of directors.

Other Limitations on Stockholder Actions

Our Bylaws also impose some procedural requirements on stockholders who wish to:

- make nominations in the election of directors;
- propose any repeal or change in our Bylaws; or
- propose any other business to be brought before an annual or special meeting of stockholders.

Under the procedural requirements of our Bylaws, to be properly brought before an annual meeting, director nominations and other business must be:

- specified in the notice of meeting (or any supplement thereto) given by or at the direction of the board of directors (or any duly authorized committee thereof);
- properly brought before the annual meeting by or at the direction of the board of directors (or any duly authorized committee thereof); or
- brought before the annual meeting by any stockholder who is a stockholder of record on the date of the giving of the notice provided for in the Bylaws and on the record date for the determination of stockholders entitled to vote at such annual meeting and who complies with the procedures set forth in the Bylaws.

To be properly brought before an annual meeting, any such other business also must be a proper subject for action by stockholders, provided that the law of Delaware shall govern whether such business is a proper subject for action by stockholders.

To be timely, a stockholder's notice must be delivered to or mailed and received at our principal executive offices not earlier than the close of business on the one hundred twentieth (120th) day nor later than the close of business on the ninetieth (90th) day prior to the anniversary date of the immediately preceding annual meeting; provided, however, that in the event the annual meeting is called for a date that is not within thirty (30) days before or after such anniversary date, notice by the stockholder in order to be timely must be so received no earlier than the close of business on the one hundred twentieth (120th) day prior to such special meeting and no later than the close of business on the later of (i) the ninetieth (90th) day prior to such special meeting or (ii) the tenth (10th) day following the day on which the date of such annual meeting was publicly announced. Shareholders utilizing "proxy access" must meet the same deadlines.

Limitation of Liability of Directors and Officers

Our Certificate of Incorporation provides that no director will be personally liable to us or our stockholders for monetary damages for breach of fiduciary duty as a director, except for liability for the following:

- any breach of the director's duty of loyalty to us or our stockholders;
- any act or omission not in good faith or which involved intentional misconduct or a knowing violation of law;
- unlawful payments of dividends or unlawful stock repurchases or redemptions as provided in Section 174 of the Delaware General Corporation Law; and
- any transaction from which the director derived an improper personal benefit.

Any repeal or modification of the indemnification provision by our stockholders shall not adversely affect any right or protection of a director of the Company existing at the time of such repeal or modification with respect to acts or omissions occurring prior to such repeal or modification.

As a result, neither we nor our stockholders have the right, through stockholders' derivative suits on our behalf, to recover monetary damages against a director for breach of fiduciary duty as a director, including breaches resulting from grossly negligent behavior, except in the situations described above.

We will indemnify any officer or director of the Company, subject to the applicable provisions of our Certificate of Incorporation and Bylaws, against all damages, claims and liabilities arising out of the fact that the person is or was our director or officer, or served any other enterprise at our request as a director, officer, employee, agent or fiduciary. We will reimburse the expenses, including attorneys' fees, incurred by a person indemnified as described in this provision when we receive an undertaking to repay such amounts if it is ultimately determined that the person is not entitled to be indemnified by us. Amending the indemnification provision will not reduce our indemnification obligations relating to actions taken before an amendment.

DESCRIPTION OF DEBT SECURITIES

General

The following description of the terms of the debt securities sets forth the material terms and provisions of the debt securities to which any prospectus supplement may relate. The particular terms of the debt securities offered by any prospectus supplement and the extent, if any, to which such general provisions may apply to the debt securities so offered will be described in the prospectus supplement relating to such debt securities.

The debt securities will be issued in one or more series under the indenture (as amended and supplemented from time to time, the “indenture”), dated as of June 17, 2015, between us and Deutsche Bank National Trust Company, as trustee (the “trustee”). The indenture is subject to any amendments or supplements we may enter into from time to time which are permitted under the indenture. We will file any amendments or supplements to the indenture as exhibits to a Current Report on Form 8-K or a post-effective amendment to the registration statement of which this prospectus is a part. The statements herein relating to the debt securities and the indenture are summaries and are subject to the detailed provisions of the indenture. The descriptions below do not restate the indenture and do not contain all the information you may find useful. We urge you to read the indenture because it, and not the summary below, defines your rights as a holder of our debt securities. If you would like to read the indenture, it is on file with the SEC, as described under “Where You Can Find More Information.” Whenever we refer to particular sections or defined terms in an indenture, those sections and definitions are incorporated by reference. The indenture is subject to and governed by the Trust Indenture Act of 1939 (the “Trust Indenture Act”).

As used in this description of debt securities, “we,” “our,” “us,” “Sallie Mae” and the “Company” refer to SLM Corporation and not to any of our subsidiaries.

We will describe in the applicable prospectus supplement the terms of the series of debt securities that we may offer and the supplemental indenture relating to such series of debt securities. These terms will include the following:

- the designation and the aggregate principal amount of the debt securities of the series;
- any limit upon the aggregate principal amount of the debt securities of the series which may be issued;
- the date or dates on which the principal and premium, if any, of the debt securities of the series is payable;
- the rate or rates, or the method of determination thereof, at which the debt securities of the series shall bear interest, the date or dates from which such interest shall accrue, the interest payment dates on which such interest shall be payable and the record dates for the determination of holders to whom interest is payable;
- the currency of the debt securities of the series and the currency in which payments on the debt securities of the series are payable;
- the price or prices at which, the period or periods within which and the terms and conditions upon which debt securities of the series may be redeemed, in whole or in part, at our option, pursuant to any sinking fund or otherwise;
- our obligation, if any, to redeem, purchase or repay debt securities of the series pursuant to any sinking fund or analogous provisions or at the option of a holder thereof and the price at which or process by which and the period or periods within which and the terms and conditions upon which debt securities of the series would be redeemed, purchased or repaid, in whole or in part, pursuant to such obligation;
- the denominations in which debt securities of the series shall be issuable;
- any events of default, if different from the existing events of default under the indenture, and whether such additional or modified events of default are subject to covenant defeasance;

- the trustee, if different from the existing trustee under the indenture;
- any addition to, or modification of, any covenants with respect to the debt securities of any series, and whether any such additional or modified covenant is subject to covenant defeasance; and
- any other terms of the series, which terms shall not be inconsistent with the provisions of the indenture.

Unless otherwise specified in the prospectus supplement, we will compute interest payments on the basis of a 360-day year consisting of twelve 30-day months.

When we use the term “business day,” we mean any calendar day that is not a Saturday, Sunday or a day on which commercial banking institutions are not required to be open for business in The City of New York, New York.

Unless otherwise specified in the applicable prospectus supplement, each series of the debt securities will be issued in the form of one or more fully registered debt securities registered in the name of the nominee of The Depository Trust Company (“DTC”) and in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. See “Forms of Securities” below.

The indenture does not limit the aggregate amount of debt securities that we may issue. We may issue debt securities under the indenture up to the aggregate principal amount authorized by our board of directors from time to time. The indenture does not limit our ability to incur senior debt, subordinated or secured debt, or our ability, or that of any of our existing or future subsidiaries, to incur other indebtedness and other liabilities or issue preferred stock.

We may, from time to time, without the consent of the holders of debt securities of a particular series, reopen such series of debt securities and issue additional debt securities of such series having the same ranking and the same interest rate, maturity and other terms as the debt securities of such series, except for the public offering price, the issue date and, if applicable, the initial interest payment date and initial interest accrual date. Any such additional debt securities, together with the debt securities of such series initially offered by this prospectus and the applicable prospectus supplement, will constitute a single series of debt securities under the indenture; provided that if the additional debt securities are not fungible for U.S. federal income tax purposes with the debt securities of such series initially offered by this prospectus and the applicable prospectus supplement, the additional debt securities will be issued under a separate CUSIP number. No such additional debt securities may be issued if an event of default has occurred and is continuing with respect to the series of debt securities of which such additional debt securities would be a part.

The trustee will initially be the registrar and paying agent for the debt securities. We will maintain an office in the Borough of Manhattan, the City of New York where we will pay the principal and premium, if any, on the debt securities and within or outside the Borough of Manhattan, the City of New York where you may present the debt securities for registration of transfer and exchange. We have designated (a) for debt securities transfer purposes and for purposes of presentment and surrender of any debt securities for final distribution, the office of the trustee located at DB Services Americas, Inc. MS JCK01-0218, 5022 Gate Parkway, Jacksonville, FL 32256, Attention: Shareholder Services, and (b) for all other purposes, the office of the trustee located at Deutsche Bank National Trust Company c/o Deutsche Bank Trust Company Americas, 60 Wall Street, 16th floor, mail stop: NYC60-1625, New York, New York 10005.

Ranking

Unless otherwise specified in the applicable prospectus supplement, each series of debt securities will be our direct, unsecured obligations and will rank without preference or priority among themselves and equally in right of payment with all of our existing and future unsecured and unsubordinated obligations, and senior in right of payment to all of our existing and future indebtedness that is expressly subordinated to such series of debt securities.

We are a holding company and conduct substantially all of our operations through subsidiaries. However, the debt securities will be obligations exclusively of SLM Corporation and will not be guaranteed by any of our subsidiaries. As a result, the debt securities will be structurally subordinated to all indebtedness and other liabilities of our subsidiaries, as well as the indebtedness and other liabilities of our securitization entities, which means that creditors of our subsidiaries and our securitization entities will be paid from their assets before holders of the debt securities would have any claims to those assets.

As a holding company, we depend on the ability of our subsidiaries to transfer funds to us to meet our obligations, including our obligations to pay interest on the debt securities. Our subsidiaries have no obligation to pay any amounts due on the debt securities.

Certain Covenants

Set forth below are summaries of certain covenants in the indenture that apply to us, unless otherwise provided in any prospectus supplement. However, the indenture does not significantly limit our operations. In particular, the indenture does not:

- limit the amount of dividends that we can pay;
- limit the amount of debt securities that we can issue from time to time;
- limit the number of series of debt securities that we can issue from time to time;
- limit or otherwise restrict the total amount of debt that we or our subsidiaries may incur or the amount of other securities that we may issue; or
- contain any covenant or other provision that is specifically intended to afford any holder of debt securities any protection in the event of highly leveraged transactions or similar transactions involving us or our subsidiaries.

Reports

We will be required to file with the trustee, within 15 days after we are required to file the same with the SEC, copies of the Annual Reports and the information, documents and other reports that we are required to file with the SEC pursuant to Section 13 or Section 15(d) of the Exchange Act or pursuant to Section 314 of the Trust Indenture Act. Annual Reports, information, documents and reports that are filed by us with the SEC via the EDGAR system or any successor electronic delivery procedure will be deemed to be filed with the trustee at the time such documents are filed via the EDGAR system or such successor procedure. Delivery of such reports, information and documents to the trustee is for informational purposes only, and the trustee's receipt of such will not constitute constructive notice of any information contained therein or determinable from information contained therein, including our compliance with any of our covenants hereunder.

Consolidation, Merger and Sale of Assets

We have agreed in the indenture that we will not, in a single transaction or through a series of related transactions, (i) merge or consolidate with any other person, or (ii) sell, convey, transfer or otherwise dispose of all or substantially all of our assets to any person (other than a subsidiary), in each case unless:

- either (a) we are the continuing person or (b) if we are not the continuing person, then the successor person formed by such consolidation or into which we are merged, or the person to which substantially all of our assets are so transferred or otherwise disposed shall be a corporation or limited liability company organized and existing under the laws of the United States of America or any state thereof or the District of Columbia and this successor person expressly assumes all of our obligations under the indenture and the debt securities; provided that, in the event that such successor person is not a corporation, another person that is a corporation shall expressly assume, as co-obligor with such successor person, all of our obligations under the indenture and the debt securities;

- immediately after giving effect to such merger or consolidation, or such sale, conveyance, transfer or other disposition, no default or event of default has occurred and is continuing under the indenture; and
- we have delivered to the trustee an officer's certificate and an opinion of counsel, each stating that such merger, consolidation, sale, conveyance, transfer or other disposition and supplemental indenture (if any) comply with the indenture.

In the event of any such merger, consolidation, sale, conveyance (other than by way of lease), transfer or other disposition, and upon any such assumption by the successor person, such successor person shall succeed to and be substituted for us, with the same effect as if it had been named in the indenture as us, and we shall be relieved of any further obligations under the indenture and under the debt securities and the predecessor company may be dissolved, wound up and liquidated at any time thereafter.

For the avoidance of doubt, without limiting the foregoing, the limitations described in this section will not apply to any transfer of loan receivables, on customary terms and in the ordinary course of business, directly or indirectly to our securitization entities in connection with our securitization facilities.

Events of Default

Unless otherwise provided in any related prospectus supplement, any of the following events will constitute an event of default under the indenture with respect to any debt securities:

- default in the payment of any installment of interest on such series of debt securities when due and payable, and the continuance of such default for 30 days;
- default in the payment of the principal of, or premium, if any, on such series of debt securities when due and payable (whether at maturity or upon acceleration, redemption, required repurchase or otherwise);
- failure to observe or perform any other covenants or agreements in the indenture in respect of the debt securities of such series, which failure continues for 60 days after written notice, requiring us to remedy the same, from the trustee or holders of at least 25% of the outstanding principal amount of such series of debt securities as provided in the indenture;
- specified events relating to our bankruptcy, insolvency, reorganization or receivership; and
- any other events of default set forth in the related prospectus supplement.

Remedies

If an event of default arising from specified events of our bankruptcy, insolvency, reorganization or receivership occurs, the principal amount of all outstanding debt securities will become due and payable immediately, without further action or notice on the part of the holders of the debt securities or the trustee. If any other event of default with respect to a series of debt securities occurs, the trustee or the holders of not less than 25% in principal amount of outstanding debt securities of such series may declare the principal amount of the debt securities of such series to be due and payable immediately, by a notice in writing to us, and to the trustee if given by holders. Upon that declaration, the principal amount of such series of debt securities will become immediately due and payable. However, at any time after a declaration has been made or such series of debt securities have otherwise become due and payable, but before a judgment or decree for payment of the money due has been obtained, the holders of a majority in principal amount of outstanding debt securities of such series may, subject to conditions specified in the indenture, rescind and annul that declaration or acceleration and its consequences.

Subject to the provisions of the indenture relating to the duties of the trustee, if an event of default then exists, the trustee will be under no obligation to exercise any of its rights or powers under the indenture at your request, order or direction, unless you have offered to the trustee reasonable security or indemnity. Subject to the provisions for the security or indemnification of the trustee and otherwise in accordance with the conditions specified in the indenture, the holders of a majority in principal amount of outstanding debt securities of any series have the right to direct the time, method and place of conducting any proceeding for and remedy available to the trustee, or exercising any trust or power conferred on the trustee in connection with the debt securities of such series.

Notice of Default

The trustee will, within 90 days after the occurrence of a default with respect to a series of debt securities, mail to the holders of such debt securities notice of such default relating to such series of debt securities, unless such default has been cured or waived. However, the Trust Indenture Act and the indenture currently permit the trustee to withhold notices of defaults (except for certain payment defaults) if the trustee in good faith determines the withholding of such notices to be in the interests of the holders.

We will furnish the trustee with an annual statement as to our compliance with the conditions and covenants in the indenture.

Legal Proceedings and Enforcement of Right of Payment

You will not have any right to institute any proceeding under or with respect to the indenture or for any remedy under the indenture, unless you have previously given to the trustee written notice of a continuing event of default with respect to the debt securities. In addition, the holders of at least 25% in principal amount of the outstanding debt securities of a series must have made written request, and offered reasonable indemnity, to the trustee to institute that proceeding as trustee, and, within 60 days following the receipt of that notice, the trustee must not have received from the holders of a majority in principal amount of the outstanding debt securities of such series a direction inconsistent with that request, and must have failed to institute the proceeding. However, you will have an absolute right to receive payment of the principal of, premium, if any, and interest on that debt security at the place, time, rates and in the currency expressed in the indenture and the debt security and to institute a suit for the enforcement of that payment.

Modification of Indenture

We may enter into supplemental indentures for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of the indenture with respect to one or more series of debt securities with the consent of holders of not less than a majority in aggregate principal amount of the debt securities of all such series affected by such modification or amendment, voting as a single class. However, the consent of each holder affected is required for any amendment:

- to change the stated maturity of principal of, or any installment of principal of or interest on, any debt security;
- to reduce the rate of or extend the time for payment of interest, if any, on any debt security or to alter the manner of calculation of interest payable on any debt security;
- to reduce the principal amount or premium, if any, on any debt security;
- to make the principal of, premium, if any, or interest on any debt security payable in a different currency;
- to reduce the percentage in principal amount of any series of debt securities, the holders of which are required to consent to any supplemental indenture or to any waiver of any past default or event of default;

- to change any place of payment where the debt securities or interest thereon is payable;
- to modify the interest rate reset provision of any debt security;
- to impair the right of any holder of the debt securities to (i) receive payment of the principal of, or premium, if any, or interest on any debt securities on or after the respective due dates for such principal or interest, or (ii) institute suit for the enforcement of any such payment;
- to reduce the amount of the principal of an original issue discount security that would be due and payable upon an acceleration of the maturity thereof, or adversely affect the right of repayment, if any, at the option of the holder, or to extend the time for, or reduce the amount of, any payment to any sinking fund or analogous obligation relating to any debt security; or
- to modify provisions of the indenture relating to waiver of defaults or amendment of the indenture, except to increase the percentage in principal amount of debt securities whose holders must consent to an amendment or to provide that certain other provisions of the indenture cannot be modified or waived without the consent of the holder of each outstanding debt security affected by the modification or waiver.

Notwithstanding the foregoing, holders of the debt securities of any series shall vote as a separate class with respect to modifications or amendments that affect only the debt securities of such series, and the holders of other series of debt securities shall not have any voting rights with respect to such matters as they relate to the debt securities of such series.

In addition, we and the trustee with respect to the indenture may enter into supplemental indentures without the consent of the holders of the debt securities of any series for one or more of the following purposes:

- to evidence that another corporation or limited liability company has become our successor and/or to add a co-obligor under the provisions of the indenture relating to mergers, consolidations, sales, conveyances, transfers or other dispositions of assets described under “Certain Covenants—Consolidation, Merger and Sale of Assets” above, and that the successor assumes our covenants, agreements and obligations in the indenture and in the debt securities;
- to add to our covenants further covenants, restrictions, conditions or provisions for the protection of the holders of all or any series of the debt securities as our board of directors and the trustee shall consider to be for the protection of the holders of such debt securities, and to make a default in any of these additional covenants, restrictions, conditions or provisions a default or an event of default under the indenture;
- to establish the forms or terms of debt securities of any series;
- to cure any ambiguity, to correct or supplement any provisions that may be defective or inconsistent with any other provision or to create such other provisions in regard to matters or questions arising under the indenture or any supplemental indenture thereto that do not, or otherwise amend or supplement the indenture or any supplemental indenture thereto in a manner that does not, adversely affect the interests of the holders of such series of debt securities in any material respect; *provided* that any amendment made solely to conform the provisions of the indenture to the description of the debt securities contained in this prospectus, any related prospectus supplements or other offering document pursuant to which the debt securities were sold will not be deemed to adversely affect the interests of the holders of the debt securities;
- to modify or amend the indenture to permit the qualification of the indenture or any supplemental indenture under the Trust Indenture Act as then in effect;
- to conform the text of the indenture, any supplemental indenture, or the terms of any series of debt securities to this “Description of Debt Securities” or the “Description of Notes” in any related prospectus supplement;

- to provide for the issuance of additional debt securities of any series;
- to provide for the exchange of any debt securities in global form represented by one or more global certificates for debt securities of the same series issued under the indenture in definitive certificated form in the circumstances permitted by the terms of the indenture and such debt securities, and to make all appropriate changes to the indenture for such purpose;
- to add to, change or eliminate any of the provisions of the indenture in respect of one or more series of debt securities; *provided* that any such addition, change or elimination (i) shall not apply to, or modify the rights of any holder of, any debt security of any series created prior to the execution of such supplemental indenture or (ii) shall become effective only when no debt securities of any series created prior to the execution of such supplemental indenture are outstanding;
- to add guarantees with respect to any series of debt securities or to secure any series of debt securities; and
- to evidence and provide for the acceptance of appointment by a successor or separate trustee with respect to the debt securities.

Defeasance of Indenture

We have the right to (i) terminate all of our obligations with respect to a series of debt securities under the covenants described above under “—Certain Covenants” and under such other covenants for such series as may be established in the future in accordance with the terms of the indenture and (ii) provide that the events described in the third bullet under “—Events of Default” (as it relates to any covenants referred to in the preceding part of this sentence) and any other event of default expressed to be subject to covenant defeasance under the indenture shall no longer constitute events of default under the indenture with respect to such series of debt securities, once we:

- irrevocably deposit in trust with the trustee, as trust funds solely for the benefit of holders of debt securities of such series, money in an amount sufficient, U.S. government obligations (including both direct obligations of the United States backed by the full faith and credit of the United States or any obligation of a person controlled or supervised by and acting as an agency or instrumentality of the United States if the payment of the obligation is unconditionally guaranteed as a full faith and credit obligation by the United States) the scheduled payments of principal and interest on which shall be sufficient, or a combination thereof sufficient, in the opinion of a nationally recognized firm of independent public accountants expressed in a written certification delivered to the trustee, without consideration of any reinvestment of interest, to pay principal of, premium, if any, and interest, if any, on the debt securities of such series to their maturity or redemption, as the case may be; and
- comply with certain other conditions, including delivery to the trustee of an opinion of counsel to the effect that you will not recognize income, gain or loss for federal income tax purposes as a result of our exercise of such right and will be subject to federal income tax on the same amount and in the same manner and at the same times as would have been the case otherwise.

In the event of covenant defeasance, our obligations under the indenture and the debt securities, other than with respect to the covenants specifically referred to above, will remain in effect.

In addition, we have the right at any time to terminate all of our obligations under the indenture with respect to any series of debt securities, other than (i) your right to receive, solely from the trust fund described below, payments of principal of, and interest on, such series of debt securities when due and (ii) certain obligations relating to the defeasance trust and obligations to register the transfer or exchange of the debt securities, to replace mutilated, lost or stolen debt securities, to maintain a registrar and paying agent in respect of the debt

securities, and to pay compensation to, and expenses of, the trustee, and with respect to the resignation or removal of the trustee, once we:

- irrevocably deposit in trust with the trustee, as trust funds solely for the benefit of holders of debt securities of such series, money in an amount sufficient, U.S. government obligations (including both direct obligations of the United States backed by the full faith and credit of the United States or any obligation of a person controlled or supervised by and acting as an agency or instrumentality of the United States if the payment of the obligation is unconditionally guaranteed as a full faith and credit obligation by the United States) the scheduled payments of principal and interest on which shall be sufficient, or a combination thereof sufficient, in the opinion of a nationally recognized firm of independent public accountants expressed in a written certification delivered to the trustee, without consideration of any reinvestment of interest, to pay principal of, premium, if any, and interest, if any, on the debt securities of such series to their maturity or redemption, as the case may be; and
- comply with certain other conditions, including delivery to the trustee of either (i) a ruling received from the Internal Revenue Service to the effect that you will not recognize income, gain or loss for federal income tax purposes as a result of our exercise of such right and will be subject to federal income tax on the same amount and in the same manner and at the same times as would otherwise have been the case or (ii) an opinion of counsel, based upon a change in law after the date of the indenture, to the same effect as the ruling described in clause (i).

Original Issue Discount Securities

Debt securities may be sold at a substantial discount below their stated principal amount and may bear no interest or interest at a rate which at the time of issuance is below market rates. Important federal income tax consequences and special considerations applicable to any such debt securities will be described in the applicable prospectus supplement.

Indexed Securities

If the amount of payments of principal of, and premium, if any, or any interest on, debt securities of any series is determined with reference to any type of index or formula or changes in prices of particular securities or commodities, the federal income tax consequences, specific terms and other information with respect to such debt securities and such index or formula and securities or commodities will be described in the applicable prospectus supplement.

Foreign Currencies

If the principal of, and premium, if any, or any interest on, debt securities of any series are payable in a foreign or composite currency, the restrictions, elections, federal income tax consequences, specific terms and other information with respect to such debt securities and such currency will be described in the applicable prospectus supplement.

Satisfaction and Discharge

The indenture will generally cease to be of any further effect with respect to any series of debt securities, if:

- either (i) we have delivered to the trustee for cancellation all outstanding debt securities of such series (with certain limited exceptions), or (ii) all such debt securities of such series not previously delivered to the trustee for cancellation have become due and payable, or are by their terms to become due and payable within one year, or are to be called for redemption within one year under arrangements satisfactory to the trustee, and we have deposited with the trustee in trust, funds sufficient to pay at maturity or upon redemption all of the outstanding debt securities of such series; and

- in either case, we also pay or cause to be paid all other sums then payable under the indenture by us with respect to such series of debt securities.

Any monies and U.S. government obligations deposited with the trustee for payment of principal of, premium, if any, or interest, if any, on the debt securities of any series and not applied but remaining unclaimed by the holders of the debt securities of such series for two years after the date upon which the principal of, and interest and premium, if any, on, the debt securities of such series, as the case may be, shall have become due and payable, shall be repaid to us by the trustee on written demand. Thereafter, the holder of the debt securities of such series may look only to us for payment thereof.

Miscellaneous Provisions

The indenture provides that certain series of debt securities, including those for which payment has been deposited or set aside in trust as described under “—Satisfaction and Discharge” above, will not be deemed to be “outstanding” in determining whether the holders of the requisite principal amount of the outstanding debt securities have given or taken any demand, direction, consent or other action under the indenture as of any date, or are present at a meeting of holders for quorum purposes.

We will be entitled to set any day as a record date for the purpose of determining the identity of holders of debt securities of any series issued under the indenture entitled to vote or consent (or to revoke any vote or consent) to any action under the indenture, in the manner and subject to the limitations provided in the indenture.

Resignation and Removal of the Trustee

The trustee may resign at any time by giving written notice thereof to us.

Under certain circumstances, we may remove the trustee and appoint a successor trustee. The trustee may also be removed by act of the holders of a majority in principal amount of the then outstanding debt securities of one or more series.

No resignation or removal of the trustee and no appointment of a successor trustee will become effective until the acceptance of appointment by a successor trustee in accordance with the requirements of the indenture.

Governing Law

The indenture and the debt securities, and any claim, controversy or dispute arising under or related to the indenture and the debt securities, will be governed by and construed in accordance with the laws of the State of New York.

DESCRIPTION OF WARRANTS

We may issue:

- warrants for the purchase of debt securities, preferred stock, common stock or units of two or more of these types of securities;

- index warrants, which are warrants for the purchase or sale of debt securities of, or guaranteed by, the United States government or its agencies, units of a stock index or a stock basket or a commodity or a unit of a commodity index.

Warrants may be issued independently or together with debt securities, preferred stock or common stock, and may be attached to or separate from any offered securities. Each series of warrants will be issued under a separate warrant agreement to be entered into between us and a bank or trust company, as warrant agent. The warrant agent will act solely as our agent in connection with the warrants and will not assume any obligation or relationship of agency or trust for or with any registered holders of warrants or beneficial owners of warrants.

We will distribute a prospectus supplement with regard to each issue of warrants. Each prospectus supplement will describe:

- in the case of warrants to purchase debt securities, the designation, aggregate principal amount, currencies, denominations and terms of the series of debt securities purchasable upon exercise of the warrants, and the price at which you may purchase the debt securities upon exercise;
- in the case of warrants to purchase preferred stock, the designation, number of shares, stated value and terms, such as liquidation, dividend, conversion and voting rights, of the series of preferred stock purchasable upon exercise of the warrants, and the price at which you may purchase shares of preferred stock of that series upon exercise;
- in the case of warrants to purchase common stock, the number of shares of common stock purchasable upon the exercise of the warrants and the price at which you may purchase shares of common stock upon exercise;
- in the case of currency warrants, the designation, aggregate principal amount, whether the currency warrants are put or call currency warrants or both, the formula for determining any cash settlement value, exercise procedures and conditions, the date on which your right to exercise the currency warrants commences and the date on which your right expires, and any other terms of the currency warrants;
- in the case of index warrants, the designation, aggregate principal amount, the procedures and conditions relating to the exercise of the index warrants, the date on which your right to exercise the index warrants commences and the date on which your right expires, the national securities exchange on which the index warrants will be listed, if any, and any other material terms of the index warrants;
- in the case of warrants to purchase units of two or more securities, the type, number and terms of the units purchasable upon exercise of the warrants and the price at which you may purchase units upon exercise;

- the place or places where warrants can be presented for exercise or for registration of transfer or exchange; and
- any other material terms of the warrants.

Unless we provide otherwise in a prospectus supplement, warrants for the purchase of preferred stock and common stock will be offered and exercisable for U.S. dollars only, and will be issued in registered form only. The exercise price for warrants will be subject to adjustment as described in the prospectus supplement for those warrants.

Prior to the exercise of any warrants to purchase debt securities, preferred stock or common stock, holders of the warrants will not have any of the rights of holders of the securities purchasable upon exercise, including:

- in the case of warrants for the purchase of debt securities, the right to receive payments of principal of or any premium or interest on the debt securities purchasable upon exercise, or to enforce covenants in the applicable indenture; or

- in the case of warrants for the purchase of preferred stock or common stock, the right to vote or to receive any payments of dividends on the preferred stock or common stock purchasable upon exercise.

DESCRIPTION OF UNITS

We may issue units consisting of common stock, preferred stock, debt securities and warrants, or any combination of those securities. The prospectus supplement relating to the offering of such units will describe their terms, including the following:

- the terms of each of the securities included in the units, including whether and under what circumstances the securities included in the units may or may not be traded separately;
- the terms of any unit agreement governing the units;
- if applicable, a discussion of certain U.S. federal income tax considerations; and
- the provision for the payment, settlement, transfer or exchange of the units.

FORMS OF SECURITIES

Each debt security, warrant and unit will be represented either by a certificate issued in definitive form to a particular investor or by one or more global securities representing the entire issuance of securities. Certificated securities in definitive form and global securities will be issued in registered form. Definitive securities name you or your nominee as the owner of the security, and in order to transfer or exchange these securities or to receive payments other than interest or other interim payments, you or your nominee must physically deliver the securities to the trustee, registrar, paying agent or other agent, as applicable. Global securities name a depository or its nominee as the owner of the debt securities, warrants or units represented by these global securities. Each investor's beneficial ownership of the securities is reflected on the books of the depository or such investor's broker/dealer, bank, trust company or other representative, as we explain more fully below.

Global Securities

Registered Global Securities. We may issue the registered debt securities, warrants and units in the form of one or more fully registered global securities that will be deposited with a depository or its nominee identified in the applicable prospectus supplement and registered in the name of that depository or nominee. In those cases, one or more registered global securities will be issued in a denomination or aggregate denominations equal to the portion of the aggregate principal or face amount of the securities to be represented by registered global securities. Unless and until it is exchanged in whole for securities in definitive registered form, a registered global security may not be transferred except as a whole by and among the depository for the registered global security, the nominees of the depository or any successors of the depository or those nominees.

If not described below, any specific terms of the depository arrangement with respect to any securities to be represented by a registered global security will be described in the prospectus supplement relating to those securities. We anticipate that the following provisions will apply to all depository arrangements.

Ownership of beneficial interests in a registered global security will be limited to persons, called participants, that have accounts with the depository or persons that may hold interests through participants. Upon the issuance of a registered global security, the depository will credit, on its book-entry registration and transfer system, the participants' accounts with the respective principal or face amounts of the securities beneficially owned by the participants. Any dealers, underwriters or agents participating in the distribution of the securities will designate the accounts to be credited. Ownership of beneficial interests in a registered global security will be shown on, and the transfer of ownership interests will be effected only through, records maintained by the depository, with respect to interests of participants, and on the records of participants, with respect to interests of persons holding through participants. The laws of some states may require that some purchasers of securities take physical delivery of these securities in definitive form. These laws may impair your ability to own, transfer or pledge beneficial interests in registered global securities.

So long as the depository, or its nominee, is the registered owner of a registered global security, that depository or its nominee, as the case may be, will be considered the sole owner or holder of the securities represented by the registered global security for all purposes under the applicable indenture, warrant agreement or unit agreement. Except as described below, owners of beneficial interests in a registered global security will not be entitled to have the securities represented by the registered global security registered in their names, will not receive or be entitled to receive physical delivery of the securities in definitive form and will not be considered the owners or holders of the securities under the applicable indenture, warrant agreement or unit agreement. Accordingly, each person owning a beneficial interest in a registered global security must rely on the procedures of the depository for that registered global security and, if that person is not a participant, on the procedures of the participant through which the person owns its interest, to exercise any rights of a holder under the applicable indenture, warrant agreement or unit agreement. We understand that under existing industry practices, if we request any action of holders or if an owner of a beneficial interest in a registered global security desires to give or take any action that a holder is entitled to give or take under the applicable indenture, warrant

agreement or unit agreement, the depository for the registered global security would authorize the participants holding the relevant beneficial interests to give or take that action, and the participants would authorize beneficial owners owning through them to give or take that action or would otherwise act upon the instructions of beneficial owners holding through them.

Principal, premium, if any, and interest payments on debt securities, and any payments to holders with respect to warrants or units, represented by a registered global security registered in the name of a depository or its nominee will be made to the depository or its nominee, as the case may be, as the registered owner of the registered global security. None of SLM Corporation, the trustees, the warrant agents, the unit agents or any other agent of SLM Corporation, agent of the trustees or agent of the warrant agents or unit agents will have any responsibility or liability for any aspect of the records relating to payments made on account of beneficial ownership interests in the registered global security or for maintaining, supervising or reviewing any records relating to those beneficial ownership interests.

We expect that the depository for any of the securities represented by a registered global security, upon receipt of any payment of principal, premium, interest or other distribution of underlying securities or other property to holders on that registered global security, will immediately credit participants' accounts in amounts proportionate to their respective beneficial interests in that registered global security as shown on the records of the depository. We also expect that payments by participants to owners of beneficial interests in a registered global security held through participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of those participants.

If the depository for any of these securities represented by a registered global security is at any time unwilling or unable to continue as depository or ceases to be a clearing agency registered under the Securities Exchange Act of 1934, and a successor depository registered as a clearing agency under the Securities Exchange Act of 1934 is not appointed by us within 90 days, we will issue securities in definitive form in exchange for the registered global security that had been held by the depository. Any securities issued in definitive form in exchange for a registered global security will be registered in the name or names that the depository gives to the relevant trustee, warrant agent, unit agent or other relevant agent of ours or theirs. It is expected that the depository's instructions will be based upon directions received by the depository from participants with respect to ownership of beneficial interests in the registered global security that had been held by the depository.

PLAN OF DISTRIBUTION

We may sell any of the securities being offered by this prospectus separately or together:

- through agents;
- to or through underwriters who may act directly or through a syndicate represented by one or more managing underwriters;
- through dealers;
- through a block trade in which the broker or dealer engaged to handle the block trade will attempt to sell the securities as agent, but may position and resell a portion of the block as principal to facilitate the transaction;
- in exchange for our outstanding indebtedness;
- directly to purchasers, through a specific bidding, auction or other process; or
- through a combination of any of these methods of sale.

If the securities offered under this prospectus are issued in exchange for our outstanding securities, the applicable prospectus supplement will describe the terms of the exchange, and the identity and the terms of sale of the securities offered under this prospectus by the selling security holders.

The distribution of securities may be effected from time to time in one or more transactions at a fixed price or prices that may be changed, at market prices prevailing at the time of sale or prices related to prevailing market prices or at negotiated prices.

Agents designated by us from time to time may solicit offers to purchase the securities. We will name any agent involved in the offer or sale of the securities and set forth any commissions payable by us to an agent in the prospectus supplement. Unless otherwise indicated in the prospectus supplement, any agent will be acting on a best efforts basis for the period of its appointment. Any agent may be deemed to be an “underwriter” of the securities as that term is defined in the Securities Act of 1933.

If we utilize an underwriter or underwriters in the sale of securities, we will execute an underwriting agreement with the underwriter or underwriters at the time we reach an agreement for sale. We will set forth in the prospectus supplement the names of the specific managing underwriter or underwriters, as well as any other underwriters, and the terms of the transactions, including compensation of the underwriters and dealers. This compensation may be in the form of discounts, concessions or commissions. Underwriters and others participating in any offering of securities may engage in transactions that stabilize, maintain or otherwise affect the price of securities. We will describe any of these activities in the prospectus supplement.

If a dealer is utilized in the sale of the securities, we or an underwriter will sell securities to the dealer, as principal. The dealer may then resell the securities to the public at varying prices to be determined by the dealer at the time of resale. The prospectus supplement will set forth the name of the dealer and the terms of the transactions.

We may directly solicit offers to purchase the securities, and we may sell directly to institutional investors or others. These persons may be deemed to be underwriters within the meaning of the Securities Act of 1933 with respect to any resale of the securities. The prospectus supplement will describe the terms of any direct sales, including the terms of any bidding or auction process, if utilized.

Agreements we enter into with agents, underwriters and dealers may entitle them to indemnification by us against specified liabilities, including liabilities under the Securities Act of 1933, or to contribution by us to

payments they may be required to make in respect of these liabilities. The prospectus supplement will describe the terms and conditions of indemnification or contribution. Some of the agents, underwriters or dealers, or their affiliates, may be our customers, or engage in transactions with or perform services for us and our subsidiaries in the ordinary course of business.

Certain of the agents, underwriters and dealers that we sell the securities offered under this prospectus to or through, and certain of their affiliates, engage in transactions with and perform services for us in the ordinary course of business. We may enter into hedging transactions in connection with any particular issue of the securities offered under this prospectus, including forwards, futures, options, interest rate or exchange rate swaps and repurchase or reverse repurchase transactions with, or arranged by, the applicable agent, underwriter or dealer, an affiliate of that agent, underwriter or dealer or an unrelated entity. We, the applicable agent, underwriter or dealer or other parties may receive compensation, trading gain or other benefits in connection with these transactions. We are not required to engage in any of these transactions. If we commence these transactions, we may discontinue them at any time. Counterparties to these hedging activities also may engage in market transactions involving the securities offered under this prospectus.

No securities may be sold under this prospectus without delivery (in paper format, in electronic format, in electronic format on the Internet, or by other means) of the applicable prospectus supplement describing the method and terms of the offering.

VALIDITY OF SECURITIES

In connection with particular offerings of the securities in the future, and if stated in the applicable prospectus supplement, the validity of those securities and certain U.S. federal income tax matters may be passed upon for us by Davis Polk & Wardwell LLP, New York, New York, and the underwriters or agents may be represented by counsel named in the applicable prospectus supplement.
