**MEETING OF SHAREHOLDERS
To Be Held May 10, 2001**

Dear Shareholder:

You are invited to attend USA Education, Inc.'s (formerly SLM Holding Corporation) Annual Meeting of Shareholders on Thursday, May 10, 2001 at 10:00 a.m. at the Corporation's offices located at 11100 USA Parkway, Fishers, Indiana, 46038. The Notice of the Annual Meeting of Shareholders and the Proxy Statement accompanying this letter describe the business to be transacted at the meeting.

Your participation in the Annual Meeting is important. Regardless of whether you plan to attend, we urge you to vote your proxy at your earliest convenience. This will help establish a quorum for the meeting and avoid the cost of further solicitation. We hope that you will be able to attend the meeting and encourage you to read the enclosed materials.

We look forward to seeing you on May 10.

Sincerely,

A handwritten signature in black ink that reads "Edward A. Fox".

Edward A. Fox
Chairman of the Board of Directors

USA EDUCATION, INC.

QUESTIONS AND ANSWERS ABOUT VOTING

Who may vote?

Only USA Education, Inc. shareholders who owned common stock at the close of business on March 12, 2001, the record date for the Annual Meeting, can vote. We refer to USA Education, Inc. as Sallie Mae or the Corporation.

How are my votes counted?

In the election of directors, shares are entitled to cumulative voting, which means that each share of your common stock is entitled to the number of votes equal to the number of directors to be elected. As a result, each share is entitled to 16 votes in the election of directors.

If you vote in person, you may cumulate your votes and give one nominee all of your votes or you may distribute your votes among the nominees in any manner. If you vote by proxy, your votes will be cast and cumulated so as to elect the maximum number of the nominees named on the proxy card, except that none of your votes will be cast for any nominee for whom you instruct that the vote be withheld. The 16 nominees who receive the greatest number of votes cast and entitled to be voted at the Annual Meeting will be elected.

Approval of the amendment to the Corporation's Certificate of Incorporation requires the affirmative vote of at least a majority of shares outstanding on the record date, with each share of stock entitled to one vote. Abstentions and shares that are not voted, including shares for which a broker does not have discretionary voting authority, have the same effect as votes against this item.

Approval of other matters at the Annual Meeting requires an affirmative vote of at least a majority of the votes present or represented and entitled to be voted on the matter, with each share of stock entitled to one vote. Abstentions have the same effect as votes against the matter. Shares that are not voted on a matter, including shares for which a broker does not have discretionary voting authority, do not affect the vote.

How do I vote?

You may vote in person at the Annual Meeting or you may vote by proxy. We recommend that you vote by proxy even if you plan to attend the Annual Meeting.

The process of voting by proxy differs slightly, based on how your share ownership is recorded. Your share ownership is recorded in one of three ways: direct ownership, recorded by the stock transfer agent for the Corporation, the Bank of New York; beneficial ownership, recorded through a brokerage or bank account; or beneficial ownership, recorded by the Corporation's 401(k) Plan Trustee.

If your ownership is recorded directly, you will receive a proxy card from the Bank of New York. If your share ownership is beneficial, your broker, bank and/or the 401(k) Plan Trustee will issue you a voting instruction form that you use to instruct them how to vote your shares. Your broker, bank or the 401(k) Plan Trustee must follow your voting instructions.

If you receive a voting instruction card from your broker, bank or the 401(k) Plan Trustee, you may vote those shares telephonically by calling the telephone number shown on the voting form, or via the Internet at the web site shown on the voting form. A proxy card from the Bank of New York may be voted only by mail.

Votes submitted via the Internet or by telephone must be received by 12:00 midnight, Eastern Standard Time, on May 9, 2001. Voting by returning a paper proxy, via the Internet or by telephone will not affect your right to vote in person should you decide to attend the Annual Meeting. However, if your shares are held through a bank, broker or the 401(k) Plan and you wish to vote those shares in person at the Annual Meeting, you must obtain a legal proxy from your bank, broker or the 401(k) Plan Trustee.

How do proxies work?

Sallie Mae's Board of Directors is requesting your proxy. Giving the Board your proxy means that you authorize representatives of the Board to vote your shares at the Annual Meeting in the manner you direct. If you sign and return the enclosed proxy card or voting instruction form but do not specify how to vote, the Board of Directors will vote your shares in favor of all of the nominees for director, amendment of the Certificate of Incorporation and ratification of Arthur Andersen, LLP, as independent auditor. If you own shares through the 401(k) Plan, however, and do not vote your plan shares, the Trustee will vote your plan shares in the same proportion as other plan shares have been voted.

Can I change my vote?

A shareholder whose ownership is recorded directly has the power to change or revoke a proxy prior to its exercise by voting in person at the Annual Meeting, by giving written notice to the Corporate Secretary prior to the meeting or by giving a later dated proxy. A shareholder whose shares are owned beneficially through a bank, broker, or the 401(k) Plan must contact that entity to change or revoke a previously given proxy.

PROPOSAL 1—ELECTION OF DIRECTORS

The Board of Directors, pursuant to the Corporation's Certificate of Incorporation, has determined that the number of directors of the Corporation will be 16 through May 2002, thereafter the maximum may not exceed 15. Accordingly, shareholders are asked to elect 16 directors to serve on the Board of Directors for a one-year term or until their successors are elected or appointed.

Upon the recommendation of the Nominations and Governance Committee of the Board, the Board has nominated each of the current directors for reelection. Three of the nominees, Earl A. Goode, Barry L. Williams and James C. Lintzenich are nominated pursuant to the terms of the Corporation's acquisition of certain stock and assets of USA Group, Inc. ("USA Group"), under which the Corporation agreed to nominate for election three individuals selected by the USA Group Foundation, Inc., the successor in interest of USA Group.

Information Concerning Nominees

Biographical information about each nominee as of February 28, 2001 is set forth below. Board service with the Corporation's predecessor entity, the Student Loan Marketing Association (the "GSE"), is included. There are no family relationships among the nominees and the executive officers of the Corporation.

The Board of Directors recommends a vote FOR the election of the 16 nominees named below. Proxies will be so voted unless shareholders specify a contrary choice on their proxy card.

Meetings of the Board

During 2000, the Board of Directors met seven times. Each of the incumbent directors attended at least 75 percent of the total number of meetings of the Board and committees on which they serve.

The Board uses committees to assist it in the performance of its duties. Each committee has a charter approved by the Board, which sets forth the respective committee's functions and responsibilities. Shareholders may obtain a copy of a committee charter by contacting the Corporate Secretary. The present standing committees of the Board are the Audit/Finance Committee, the Compensation and Personnel Committee, the Nominations and Governance Committee, the Operations Committee, the Executive Committee and the Preferred Stock Committee. The purposes of the Audit/Finance, Compensation and Personnel, and Nominations and Governance Committees, their current members, and the number of meetings held during 2000 are set forth below.

Audit/Finance Committee. The Audit/Finance Committee assists the Board in fulfilling its responsibilities by providing oversight relating to (1) audit review and financial reporting functions, (2) assessment and management of certain business risks, (3) adequacy of internal controls,

(4) establishment of an effective audit function, and (5) capital management and funding strategy. A copy of the Committee's charter is attached as Exhibit A.

Each member of the Audit/Finance Committee is an "independent director" as defined in the Corporation's By-laws and by the New York Stock Exchange. The current membership of the Audit/Finance Committee, which held eight meetings in 2000, is as follows: William M. Diefenderfer, III, Chairman; A. Alexander Porter, Jr., Vice Chairman; Charles L. Daley; Ann Torre Grant; Benjamin J. Lambert, III; and Barry L. Williams.

Compensation and Personnel Committee. The Compensation and Personnel Committee assists the Board in fulfilling its responsibilities relating to human resources, compensation and benefit matters concerning the Corporation and its subsidiaries. The Committee makes recommendations to the Board as to compensation and other benefits for members of the Board, reviews annually the performance of the CEO and the executive officers of the Corporation and establishes compensation terms for such individuals, and generally oversees the programs and policies of the Corporation relating to compensation and the development and retention of capable management.

Each member of the Committee is an "independent director" as defined by the Corporation's By-laws. The current membership of the Compensation and Personnel Committee, which held nine meetings in 2000, is as follows: Barry A. Munitz, Chairman; William M. Diefenderfer, III, Vice Chairman; Charles L. Daley; Earl A. Goode; Ann Torre Grant; Wolfgang Schoellkopf; and Steven L. Shapiro.

Nominations and Governance Committee. The Nominations and Governance Committee assists the Board in establishing appropriate standards for the governance of the Corporation, the operations of the Board and the qualifications of directors, as well as proposing candidates for Board membership. The Committee reviews the composition, diversity and operation of the Board, and evaluates the performance and contributions of individual directors and the Board as a whole. The Committee considers nominees for election to the Corporation's Board of Directors at the annual meeting of shareholders. Shareholders may recommend candidates for nomination to the Corporation's Board by sending their recommendation to the Corporate Secretary.

Each member of the Nominations and Governance Committee is an "independent director" as defined in the Corporation's By-laws. The current membership of the Nominations and Governance Committee, which held eight meetings in 2000, is as follows: Benjamin J. Lambert, III, Chairman; Diane Suitt Gilleland, Vice Chairman; A. Alexander Porter, Jr.; and Barry L. Williams. In addition, the Nominations and Governance Committee has invited Ronald F. Hunt to attend its meetings as a non-voting participant.

PROPOSAL 2—AMENDMENTS TO THE CORPORATION’S CERTIFICATE OF INCORPORATION

The Board of Directors recommends that shareholders consider and vote in favor of a proposal to amend the Corporation’s Certificate of Incorporation (the “Charter”) to increase the authorized number of shares of the Corporation’s common stock from 250,000,000 shares to 375,000,000 shares. As of March 12, 2001, 162,933,604 shares were issued and outstanding out of the currently authorized 250,000,000 shares and, after taking into account shares reserved for issuance upon the exercise of the Corporation’s stock options and warrants, and shares reserved for equity forward transactions to achieve favorable accounting treatment, approximately 14,500,673 shares of common stock were available for issuance. The text of the first sentence of Article 4 of the Charter, as it is proposed to be amended, is as follows:

The total number of shares of stock which the Corporation shall have authority to issue is 395,000,000 shares of capital stock, consisting of (i) 375,000,000 shares of common stock, par value \$.20 per share (the “Common Stock”), and (ii) 20,000,000 shares of preferred stock, par value \$.20 per share (the “Preferred Stock”).

The purpose of the increase in authorized shares is to provide additional shares of common stock that could be issued for corporate purposes without further shareholder approval unless required by applicable law or regulation. The Corporation currently expects that reasons for issuing or reserving additional shares of common stock will include effecting acquisitions of other business or properties, establishing strategic relationships with other companies, securing additional financing for the operation of the Corporation through the issuance of additional shares or other equity-based securities, paying stock dividends, subdividing outstanding shares through stock splits, providing equity incentives to employees, officers or directors, and achieving favorable accounting treatment for equity forward contracts. The Board of Directors believes that it is in the best interests of the Corporation to have additional shares of common stock authorized at this time to alleviate the expense and delay of holding a special meeting of stockholders to authorize additional shares of common stock when the need arises.

The additional shares for which authorization is sought will be identical to the shares of common stock now authorized and outstanding, and this proposal will not affect the rights of holders of the common stock. No additional action or authorization by shareholders would be necessary prior to the issuance of additional shares unless required by applicable law or the rules of any stock exchange or national securities association trading system on which the common stock is then listed or quoted. Under the Charter, shareholders do not have preemptive rights with respects to common stock. Thus, should the Board of Directors elect to issue additional shares of common stock, existing shareholders would not have any preferential rights to purchase the newly issued shares. An issuance of additional shares of common stock could have the effect of diluting the earnings per share and book value per share of existing shares of common stock and diluting the stock ownership of persons seeking to obtain control of the Corporation.

The amendment could, under certain circumstances, have an anti-takeover effect, although this is not the intention of the proposal, and the Corporation’s Charter imposes some limitations on the Board’s ability to adopt such measures. The amendment therefore may have the effect of discouraging unsolicited attempts to take over or change control of the Corporation. The Board of Directors is not aware of any attempt to take over or change control of the Corporation, however, and the Board of Directors has not presented this proposal with the intent that it be utilized as a type of anti-takeover device, although it has the ability to utilize the additional shares or to take other actions that may have that effect or intent in the future if it believes the interests of the stockholders would be served thereby.

Required Vote

The affirmative vote of the holders of a majority of the shares of common stock of the Corporation outstanding on March 12, 2001 is required to amend the Charter.

Board Recommendation

The Board of Directors of the Corporation recommends a vote **FOR** approval to amend the Charter.

PROPOSAL 3—APPOINTMENT OF INDEPENDENT AUDITORS

The independent public accounting firm of Arthur Andersen LLP, which has served as auditor for the Corporation since October 23, 1997, has been selected by the Board as independent financial auditor for 2001. This proposal is put before the shareholders because the Board believes that it is a good corporate practice to seek shareholder ratification of the selection of independent auditors.

The appointment of independent auditors is approved annually by the Board of Directors based upon the recommendation of the Audit/Finance Committee. If the appointment of Arthur Andersen LLP is not ratified, the Board will evaluate the basis for the shareholders' vote when determining whether to renew the firm's engagement or expand the scope of services the firm provides.

Representatives of Arthur Andersen LLP are expected to attend the Annual Meeting and to respond to appropriate questions from shareholders present at the meeting, and will have an opportunity to make a statement if they desire to do so.

Audit Fees. The aggregate fees billed for professional services rendered by Arthur Andersen LLP for 2000 for the audit of the Corporation's annual financial statements for 2000 and the reviews of the financial statements included in the Corporation's Forms 10-Q for 2000 were \$1,043,000.

Financial Information Systems Design and Implementation Fees. The aggregate fees billed for 2000 for professional services rendered by Arthur Andersen LLP for financial information systems design and implementation were \$10,000.

All Other Fees. The aggregate fees billed for professional services rendered by Arthur Andersen LLP for 2000 for services other than those described above, including tax outsourcing and consulting and internal audit outsourcing, were \$3,470,000.

Required Vote

The affirmative vote of the holders of a majority of the shares of common stock present or represented and entitled to be voted at the Annual Meeting is required to ratify the appointment of Arthur Andersen LLP. Unless marked to the contrary, proxies received will be voted **FOR** the ratification of the appointment of Arthur Andersen LLP as independent auditors for 2001.

Board Recommendation

The Board of Directors of the Corporation recommends a vote **FOR** the ratification of the appointment of Arthur Andersen LLP as independent auditors for 2001.

COMMON STOCK INFORMATION

General Information

At December 31, 2000, 164,144,845 of the Corporation's common stock par value \$.20 per share, were outstanding. At March 12, 2001, the record date, 162,933,604 shares of common stock were

outstanding and eligible to be voted. The common stock is listed on the New York Stock Exchange, under the symbol "SLM."

DIRECTOR COMPENSATION

In 1997, the Corporation established an exclusively equity-based director compensation plan and eliminated annual cash retainers, meeting fees and retirement benefits. The Board of Directors believes that all-equity compensation best aligns director and shareholder interests.

Generally, each non-employee director is compensated for services in the fiscal year in the form of an option grant established by the Board. For 2001, the Chairman received an option grant covering 30,000 shares of the Corporation's common stock, the lead independent director received a grant covering 25,000 shares, and other directors receive a grant covering 20,000 shares. These options vest upon the later of: 1) the Corporation's common stock reaching a closing price representing an increase of 20 percent over the exercise price (fair market value on the date of grant) for five trading days; or 2) separation from service from the Board, whichever occurs first. The options also vest on the fifth anniversary of their grant date. Options are granted at the start of the year but are cancelled if the optionee is not elected to the Board at that year's Annual Meeting.

In July 2000, upon their appointment to the Board on account of the acquisition of the USA Group, Mr. Williams and Mr. Goode were each granted options covering 20,000 shares. The options have an exercise price of \$43.0625 and vested during the year, when the share price closed 20 percent above the exercise price for five trading days. Mr. Diefenderfer did not receive an option grant in 2000 because he received a 3-year grant upon joining the Corporation's Board in 1999.

Directors are eligible to receive replacement options upon the exercise of vested options as described in the Executive Compensation section of this Proxy Statement. Directors who receive replacement options, but fail to hold shares acquired through the exercise of the original options for at least one year or sell shares such that his/her ownership drops below 5,000, are not eligible for certain future option grants. In 2000, this program resulted in options for 29,980 shares being granted to Mr. Munitz; 15,947 shares being granted to Mr. Williams; 57,834 shares being granted to Mr. Fox; 40,303 shares being granted to Mr. Shapiro; 7,187 shares being granted to Mr. Diefenderfer; 39,318 shares being granted to Mr. Daley; 15,659 shares being granted to Mr. Goode; and 27,626 shares being granted to Mr. Schoellkopf.

The Corporation's non-employee directors are provided with \$50,000 of life insurance, are covered by a travel insurance plan while traveling on Corporation business and may receive a \$1,500 per diem payment for additional work. No such payments were made to directors in 2000. Neither Mr. Lord, Mr. Fitzpatrick, nor Mr. Lintzenich receive any separate compensation for their service on the Board and were not recipients of the above-described options.

EXECUTIVE OFFICERS

Biographical information about each Named Executive Officer as of February 28, 2001 is as follows:

EXECUTIVE COMPENSATION

This section includes (1) a report made by the Compensation and Personnel Committee (the "Compensation Committee" or "Committee") regarding the Corporation's executive compensation policy; (2) a summary presentation in tabular form of executive compensation; (3) a summary of 2000 stock option grants to Named Executive Officers; (4) a valuation of option exercises during the year and remaining option holdings for Named Executive Officers; and (5) descriptions of pension plan benefits, certain employment arrangements and related transactions.

Report of the Compensation and Personnel Committee on Executive Compensation

The Corporation's executive compensation program is administered by the Compensation Committee of the Board of Directors. In this role, the Committee sets compensation for the CEO and the senior management team and administers the Management Incentive Plan and other stock-based compensation programs. The Committee is composed entirely of non-employee independent directors, as defined in the Corporation's By-laws. The Committee utilizes the services of an independent compensation consulting firm in establishing executive and director compensation.

Compensation Policy. The Corporation's executive compensation policy is based on a belief that compensation tied to corporate performance and share price will enhance shareholder value. To implement this policy, the Committee strives to strike a balance between fixed compensation, in the form of base salary, and "at risk" compensation, in the form of annual bonuses based on the attainment of corporate and individual goals and long-term compensation in the form of stock-based awards.

Another goal is to offer a total compensation potential that is competitive with that offered at peer companies, which are selected financial services corporations, some of which are listed in note 1 to the Stock Performance Graph. The total compensation package at the Corporation is designed, however, to attract and to retain executive officers who are entrepreneurial and desire a "risk and reward" compensation structure that is based on ownership principles, not the traditional employee-employer relationship. To this end, the 2000 base salary for Mr. Lord was at or below the 25th percentile for base salaries for CEO's at selected financial services corporations, while the potential total cash compensation was above the median.

To further promote the principle of executives as owners, the Corporation adopted stock ownership guidelines in January 1999. The three-year target ownership levels are:

<u>Position</u>	<u>Stock Ownership as a Multiple of Base Salary</u>
CEO	10 × salary
President	10 × salary
EVP	10 × salary
SVP	7 × salary

Performance stock and options, including vested options, are not counted in calculating stock ownership.

As of February 28, 2001, each officer has achieved compliance with his or her ownership guidelines, with the exception of those officers who in the last year joined the Corporation from USA Group. It is anticipated that these officers will achieve their ownership goals over the next 3 years.

In order to assist the executive officers in meeting their share ownership targets, the Corporation adopted a replacement option program in 1999 with respect to certain previously issued and newly issued options. The program also applies to Board members. This program recognizes the fact that option exercises typically reduce the option holders' total potential investment in the Corporation's common stock, discouraging conversion of option positions into ownership positions. Under the replacement program, officers and directors are eligible to receive new options upon their exercise of vested options in an amount equal to the number of shares needed to pay the exercise price for the original option. Replacement options carry an exercise price equal to the fair market value of the Corporation's common stock on the date of their grant and vest one year from the grant date. The term of replacement options equal the remaining term of the underlying options. If any officer fails to hold shares acquired through the exercise of the original option for at least one year (and for senior officers subject to the share ownership guidelines explained above, until they reach their ownership targets), eligibility for future option grants may be adversely affected. This program was successful in increasing the share ownership of Board members and senior management in 2000.

Base Salary. Consistent with its goal of emphasizing "at risk" compensation, the Committee did not increase base salary for Named Executive Officers for 2000, with the exception of an adjustment for Mr. Fitzpatrick and Mr. Levine effective as of January 2000. In establishing salaries, the Committee reviewed the salaries of executives at peer companies at levels that the Committee considered to be comparable to the Corporation's. Mr. Lord's salary for 2000 was below the 25th percentile for salaries paid to chief executive officers at the Corporation's peer companies. The Committee set base salaries for other executive officers at levels below the average base salaries at the selected peer companies. Accordingly, a significant portion of each executive officer's cash compensation is subject to the achievement of goals as set forth in the Corporation's performance-based compensation program.

Performance Bonuses. The Compensation Committee believes that executive officer bonuses should be tied to satisfaction of specified performance criteria. For 2000, the Compensation Committee established a bonus program under the shareholder-approved Management Incentive Plan, pursuant to which bonuses could be earned based in part on corporate performance. The terms of the program establish the overall corporate goals that must be achieved before a bonus is earned and the maximum bonus amount that may be earned in any one year. The Committee may use its discretion to reduce payments below that amount. The corporate goals used by the Committee to measure success for purposes of awarding bonuses in 2000 were "core cash basis" earnings per share growth, "core cash basis" net income growth, loan acquisition volume and control channel origination volume. (Core cash basis earnings exclude any gain on sale from securitizations and any subsequent servicing or securitization revenue and the effect of any floor income and certain one-time gains on sales of investment securities and student loans.) The Corporation's performance surpassed each goal. With

respect to individual performance achievement, the Committee favorably considered Mr. Lord's role in negotiating and successfully executing Sallie Mae's acquisition of USA Group and Student Loan Funding Resources, which significantly broadened the Corporation's revenue and customer base. Mr. Lord's bonus was also based on success in containing the Corporation's operating expenses and cost of funds, strengthening the Corporation's overall capital position, and growing its control channel student loan volume.

The Committee directed that a portion of Mr. Lord's 2000 bonus be awarded in the form of Sallie Mae Restricted Stock Units, as a retention tool. This component of Mr. Lord's annual bonus is more fully explained in the Summary Compensation Table. The Compensation Committee approved other executive officer performance bonuses, as recommended by Mr. Lord, based on his assessment of individual performance and on relative compensation levels within the executive officer ranks. Consistent with the Compensation Committee's preference for equity-oriented compensation, a minimum of 40 percent of each executive officer's annual bonus (on a pre-tax or after-tax basis at the election of the executive) was awarded in the form of Sallie Mae common stock.

Stock Options and Performance Stock. The Compensation Committee believes that stock options provide an appropriate incentive to promote long-term stable growth while aligning executives' interests with those of shareholders. In January 2000, the Compensation Committee granted options to Mr. Lord and other members of the senior management team. These option grants introduced an annual option grant program for the Corporation's officers. Prior to these grants, the Corporation had not made any option grants to senior management since 1997, except for grants to newly-hired executives. The options granted in January 2000 vest upon the stock price reaching 120 percent of the grant price, but no earlier than 12 months from their grant date. The options also vest on the fifth anniversary of their grant date, or upon a change in control of the Corporation. If options vest upon a change in control and, as a result, an executive becomes subject to excise taxes, the Corporation will make certain tax gross-up payments on behalf of the executive.

Section 162(m). Section 162(m) of the Internal Revenue Code limits to \$1 million the deductibility of compensation paid to each of the Corporation's five Named Executive Officers, unless the compensation satisfies one of the exceptions set forth in the Code, which includes an exception for "performance-based compensation." The Compensation Committee generally attempts to have significant aspects of performance-based compensation that it awards qualify under Section 162(m), although it recognizes that situations may arise where other considerations may prevail over obtaining such qualification. The Compensation Committee believes that the compensation that the Corporation's Named Executive Officers received under the 2000 Management Incentive Plan and will realize upon exercise of stock options or upon vesting of performance shares granted to them will qualify as "performance-based compensation," and therefore will not be subject to the \$1 million limitation.

- (1) Bonus is the amount earned for the year indicated and is typically paid in the following year.
- (2) Employer matching contributions under the Sallie Mae 401(k) Savings Plan and the Sallie Mae Supplemental 401(k) Savings Plan.
- (3) Amount reflects the market value of 25,000 shares of Sallie Mae stock on the date of award as Restricted Stock Units (RSUs), as part of Mr. Lord's 2000 bonus payment under the Management Incentive Plan. The RSUs are compensation for service successfully performed in 2000. However, the Compensation Committee placed additional restrictions on the RSUs as a retention tool. All of the RSUs are forfeited by Mr. Lord if he voluntarily leaves employment prior to January 25, 2002, and one-half of the RSUs are forfeited if Mr. Lord voluntarily leaves employment on or after January 25, 2002, but prior to January 25, 2003. Dividends accrue on the RSUs. The value of the RSUs as of December 31, 2000 was \$1,700,000.
- (4) Includes options granted under the replacement option program.
- (5) Amounts reflect the grant date value of performance shares awarded to Mr. Fitzpatrick: 50,000, 25,000, 50,000; Mr. Lintzenich: 50,000 and Mr. Carey 10,000 and 25,000. These shares have vested or vest upon the achievement of corporate performance goals. No other Named Executive Officer held any restricted stock as of the end of 2000. The value of unvested performance stock as of December 31, 2000 for Messrs. Fitzpatrick, Lintzenich and Carey was \$5,950,000, \$3,400,000 and \$1,530,000, respectively.
- (6) Salary paid for service from October 1 through December 31, 1998, at a salary of \$400,000 per year for Mr. Fitzpatrick.
- (7) Included in this amount is a payment of \$165,700 by the Corporation to Mr. Fitzpatrick to reimburse him for the tax liability he incurred as a result of his early withdrawal from the Equity One, Inc. Deferred Compensation Plan.
- (8) Salary paid for service from August 5 through December 31, 2000, at a salary of \$500,000 per year for Mr. Lintzenich.

“Grant Date Present Value” represents a hypothetical present value under the Black-Scholes Option Pricing Model, calculated using the following assumptions: a term equaling the term of the option, a risk-free interest rate based on the appropriate term Treasury Receipt Rate ranging from 6.04% to 6.91%, a weighted average 5-year historical dividend yield ranging from 1.49% to 1.56%, and annual stock price volatility ranging from 34.33% to 35.23%.

Options vest upon the stock price reaching 120 percent of the grant price, but no earlier than 12 months from their grant date. The options also vest on the fifth anniversary of their grant date or upon a change in control of the Corporation. If options vest upon a change in control and, as a result, an executive becomes subject to excise taxes, the Corporation will make certain gross-up payments on behalf of the executive.

* Replacement options vest one year from their grant date.

During the year, Named Executive Officers who exercised stock options held all shares acquired from the exercise after selling only the number of shares necessary to cover the cost of an exercise (including taxes). This entitled the Named Executive Officers to grants of replacement options and accomplished a corporate objective of encouraging option holders to become shareholders. The table above sets forth information on the number and the value of exercisable and unexercisable stock options held by the Named Executive Officers as of the fiscal year-end (calculated by the difference between the Corporation’s fiscal year-end stock price and the option’s exercise price), based upon a year-end stock price of \$68.00 per share.

Under the Corporation's regular and supplemental pension plans, participants accrue benefits under a cash balance formula. Under the formula, each participant has an account, for record keeping purposes only, to which credits are allocated each payroll period based on a percentage of the participant's compensation for the current pay period. The applicable percentage is determined by the number of years of service the participant has with the Corporation. If an individual participated in the Corporation's prior pension plan as of September 30, 1999 and met certain age and service criteria, the participant ("grandfathered participant") will receive the greater of the benefits calculated under the prior plan, which uses a final average pay plan method, or under the cash balance formula. Mr. Lord, Mr. Carey and Mr. Levine qualify as grandfathered participants. Through December 31, 2005, Mr. Lintzenich's benefit accrues under a formula, grandfathered from the USA Group transaction, that takes into account compensation and age.

The Corporation's supplemental pension plan assures that participants receive the full amount of benefits to which they would have been entitled under the pension plan but for limits on compensation and benefit levels imposed by the Internal Revenue Code. For grandfathered participants, the amount of compensation considered covered compensation for the prior supplemental pension plan is the sum of the individual's salary and his annual bonus, up to 35% of the prior year's salary. For all participants in the supplemental cash balance plan (effective October 1, 1999), the amount of compensation is the sum of salary and annual bonus.

The table above illustrates the approximate annual pension that may be payable to an employee in the higher salary classifications under the Corporation's prior pension plans, final average pay plans, at age 62, as a single life annuity. The benefit amounts shown are not subject to any deductions for social security or other offset amount. The credited years of service as of December 31, 2000 for Mr. Lord is 15 years, 9 months; Mr. Fitzpatrick 2 years, 4 months; Mr. Lintzenich 18 years, 1 month (includes service with USA Group); Mr. Carey, 15 years, 3 months and Mr. Levine 19 years, 10 months. The estimated annual benefit payable upon retirement at age 62 under the new cash balance plans for each of these individuals is: Mr. Lord—\$420,800; Mr. Fitzpatrick—\$215,300; Mr. Lintzenich—\$530,200; Mr. Carey—\$573,900; and Mr. Levine—\$460,100.

Employment Agreements

The Corporation has entered into employment agreements with Messrs. Fitzpatrick and Lintzenich. Their agreements provide for a base annual salary of \$400,000 (since adjusted to \$500,000) and \$500,000, respectively and participation in the Management Incentive Plan. Mr. Fitzpatrick's agreement provides for a term commencing on October 1, 1998 and continuing through September 30, 2001; Mr. Lintzenich's agreement provides for a term commencing July 31, 2000 and continuing through July 31, 2003, in each case unless terminated earlier in accordance with certain specified events.

Each agreement provides for certain payments if the Corporation terminates the executive's employment or if his employment is terminated by reason of death or disability or within 18 months after a "change in control" of the Corporation. For Mr. Fitzpatrick, the payment amount equals \$2.0 million if his employment terminates before September 30, 2001, the final year of his agreement. For Mr. Lintzenich, the payment amount equals \$5.0 million if employment terminates before August 1, 2001, \$3.0 million if such termination occurs during the following year and \$2.0 million if the termination date occurs during the final year of the agreement. These payments are subject to being grossed-up for any excise taxes payable by the executive and for taxes payable on the gross-up amounts.

The agreement with Mr. Lintzenich provides for grants of options for 700,000 shares and 200,000 shares of stock with vesting criteria based on performance goals tied to his business responsibilities in connection with the acquisition of the business operations of USA Group. The agreement with Mr. Fitzpatrick provides for an annual retirement supplement in the event that his employment is terminated by reason of death, disability, involuntary termination or following a change in control of the Corporation during the term of the agreement, so that his retirement benefits equal the greater of what is provided for under all of the Corporation's retirement plans or what he would have received under the retirement plans of his prior employer.

Each agreement contains an agreement not to compete with the Corporation or its affiliates for a period of two years following termination of employment for any reason.

Certain Relationships and Related Transactions

During 2000, the Corporation loaned up to \$1,000,000 to Mr. Lord, at a variable interest rate equal to the current prime interest rate as reported in the Wall Street Journal, for the purpose of funding his ownership of Corporation common stock. The loan was paid in full in January 2001.

Report of the Audit/Finance Committee

The Audit/Finance Committee has reviewed and discussed with management the Corporation's audited financial statements as of and for the year ended December 31, 2000.

The Committee discussed with the independent auditors, Arthur Andersen, LLP, the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended, by the Auditing Standards Board of the American Institute of Certified Public Accountants.

The Committee received and reviewed the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, as amended, and have discussed with the auditors the auditor's independence. The Committee considered whether the provisions of non-financial audit services was compatible with Arthur Andersen's independence in performing financial audit services.

Following the reviews and discussions referred to above, the Committee recommended to the Board of Directors that the financial statements referred to above be included in the Corporation's Annual Report on Form 10-K for the year ended December 31, 2000.

OTHER MATTERS

As of the date of this proxy statement, there are no matters that the Board of Directors intends to present for a vote at the Annual Meeting other than the business items discussed in this proxy statement. In addition, the Corporation has not been notified of any other business that is proposed to be presented at the Annual Meeting. If other matters now unknown to the Board come before the Annual Meeting, the accompanying proxy card confers discretionary authority on the persons named on the proxy card to vote such proxies on any such matters in accordance with their best judgment.

Solicitation Costs

All expenses in connection with the solicitation of the enclosed proxy will be paid by the Corporation. The Corporation has hired Georgeson Communication Services, Inc. to solicit proxies for a fee of \$7,000 plus reimbursement for out-of-pocket expenses. In addition to solicitation by mail, officers, directors, regular employees or other agents of the Corporation may solicit proxies by telephone, telefax, personal calls, or other electronic means. The Corporation will request banks, brokers, custodians and other nominees in whose names shares are registered to furnish to beneficial owners of the Corporation's common stock material related to the Annual Meeting, including the annual report, this proxy statement and the proxy card to the beneficial owners of such shares and, upon request, the Corporation will reimburse such registered holders for their out-of-pocket and reasonable expenses in connection therewith.

Shareholder Proposals for 2002 Annual Meeting

A shareholder who intends to introduce a proposal for consideration at the Corporation's year 2002 Annual Meeting may seek to have that proposal and a statement in support of the proposal included in the Corporation's proxy statement if the proposal relates to a subject that is permitted under U.S. Securities and Exchange Commission ("SEC") Rule 14a-8. To qualify for this, the shareholder must submit the proposal and supporting statement to the Corporation not later than December 7, 2001 and must satisfy the other requirements of Rule 14a-8. The submission of a shareholder proposal does not guarantee that it will be included in the Corporation's proxy statement.

A shareholder may otherwise propose business for consideration or nominate persons for election to the Board of Directors, in compliance with federal proxy rules, applicable state law and other legal requirements and without seeking to have the proposal included in the Corporation's proxy statement pursuant to Rule 14a-8. The Corporation's Bylaws provide that any such proposals or nominations for the Corporation's 2002 Annual Meeting must be received by the Corporation after February 9, 2002 and on or before April 10, 2002. If, however, the Corporation's 2001 Annual Meeting is called for a date occurring on or before April 10, 2002 or after June 9, 2002, such proposals or nominations must be received by the Corporation not later than the close of business on the 10th day following the day on which notice of the 2002 Annual Meeting is given in order to be considered at the Corporation's 2002 Annual Meeting. Any such notice must satisfy the other requirements with respect to such proposals and nominations contained in the Corporation's Bylaws. If a shareholder fails to meet these deadlines or fails to comply with the requirements of SEC Rule 14a-4, the Corporation may exercise discretionary voting authority under proxies it solicits to vote on any such proposal.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16 of the Securities Exchange Act of 1934 requires the Corporation's executive officers and directors to file reports on their holdings of and transactions in the Corporation's common stock. To the Corporation's knowledge, for the fiscal year 2000 all of the Corporation's executive officers and directors timely filed all required reports under Section 16, except Mr. Levine failed to report a charitable gift of 170 shares of the Corporation's common stock made in December, 2000.

EXHIBIT A

USA EDUCATION, INC. AUDIT/FINANCE COMMITTEE OF THE BOARD OF DIRECTORS CHARTER OF RESPONSIBILITIES AND FUNCTIONS

As authorized in the By-Laws and implemented by Resolution of the Board of Directors, an Audit/Finance Committee has been established for the purpose of assisting the Board in fulfilling its responsibilities and providing oversight relating to (1) the assessment and management of certain business risks, including financial, operational, litigation and regulatory risks; (2) the adequacy of internal controls and the integrity of reporting and information systems; (3) the establishment of an effective independent audit function; and (4) capital management and funding strategy.

Authority of the Committee:

The Audit/Finance Committee has unrestricted access to all information relating to the Corporation and its subsidiaries, including documents and personnel. Adequate resources will be available for the Committee to fulfill its oversight responsibilities.

The Functions of the Committee

A. Audit Review and Financial Reporting Functions

- Subject to any action that may be taken by the full Board, to select, evaluate and where appropriate, replace the independent auditor. The independent auditor is ultimately accountable to the Board of Directors and the Audit Committee.
- To obtain a written representation regarding the independent auditor's role, its relationships with the Corporation and that in its professional judgement, it is independent of the Corporation and its related entities. To review the nature and extent of non-audit related services provided to the Corporation and its affiliates by the independent auditors and, in consultation with management, to review and approve all fees charged for independent auditing services.
- To review with management and the independent auditors the Corporation's audited financial statements and significant accounting, tax and reporting issues underlying those statements, including the quality of the accounting principles applied and judgements made affecting the Corporation's financial statements. The Committee or its Chairman will discuss with management and the independent auditor any significant accounting issues regarding the Corporation's quarterly financial results prior to the release of such results to the public. The Committee will discuss with management and the independent auditors the financial statements to be included in the Corporation's Annual Report to Shareholders and on Form 10-K.
- To review with the independent auditors, (i) the scope and results of their examination of the Corporation's financial statements and (ii) the scope of the annual operational audit plan and to receive, on a periodic basis, summary audit reports from completed audits, progress reports on the annual audit plan and a status report detailing actions taken, or to be taken, by management to address outstanding issues or findings.
- To review with management and the independent auditors, the adequacy and effectiveness of the Corporation's internal business, financial and information system controls, and recommendations for establishing new or enhanced controls and procedures.

B. Review of Capital and Risk Management Activities

- To review the risk posture of the Corporation, including without limitation credit, interest rate, currency and significant operational risks, and review with management the steps taken to manage such risks.
- To review with management the credit quality of asset acquisitions, including policies and procedures regarding credit approval and ordinary investment activity.
- To review with management the methodology and adequacy of reserves for losses and contingencies.
- To review with management, the Corporation's capital adequacy, credit standing, borrowing needs and proposed debt and equity programs.
- To review with management the adequacy and appropriateness of insurance coverage.
- To review with management and the independent auditors the implementation by the Corporation of appropriate legal and regulatory compliance measures, including compliance with the Corporation's Code of Business Conduct and tax compliance.
- To review with management, significant pending or potential litigation against the Corporation and its subsidiaries.
- To review proposed significant activities and investments outside the ordinary course of the Corporation's business.
- To advise and consult with management on the financial impact of the Corporation's pricing and market strategies, including the periodic review of the annual plan, financial results, asset quality, and financing activity of the Corporation or its affiliates.
- To oversee the Corporation's capital management policies, equity investments, proposed issuance of new equity by the Corporation and its affiliates, and plans to return excess capital to shareholders through dividends and share repurchase activity.
- To declare and authorize payment of dividends on the Corporation's common stock.

Frequency and Format of Meetings:

The Committee generally will meet at least two times a year. Meetings will normally be attended by the independent auditors responsible for the Corporation's audit function. Other directors may attend the meetings. At all meetings of the Committee, sufficient opportunity will be made available for the independent auditors to meet with the Committee without members of management present.

Membership:

The Board of Directors of the Corporation will designate at least four directors to serve on the Audit/Finance Committee. The Committee membership will meet the requirements of the audit committee policy of the New York Stock Exchange (NYSE). A Chairman of the Committee will also be appointed by the Board.

Charter Review:

This charter will be reviewed by the Audit/Finance Committee and the Nominations and Governance Committee and updated as appropriate by the full Board on an annual basis.
