

# Estimate your monthly loan payment

**1** Choose either the 10-year or 15-year repayment schedule.

**2** Find the principal amount at the time of repayment that's closest to yours (if you do not pay the interest that accrues during school, this amount will be higher than your original loan amount).

**3** Select the interest rate closest to your loan's rate.

\* Some lenders may require a minimum monthly payment, resulting in a repayment term of less than 10 years.

The monthly payment calculations in this chart are based on standard principal and interest payments and do not include fees or repayment interest rate discounts; they are based on the APR at the time of repayment. Variable interest rates may increase over the life of the loan. The chart and interest rates are provided for informational purposes only and are not specific to any Sallie Mae education loan product.
